50 CENTS PER MONTH

EARLY SIEGE PARIS UNLIKELY--GERMAN LOSSES TOO GREAT

Louvain Destroyed by Germans Who Are Pressing Heavily on Second Line of Allies' Defense on French Frontier

LONDON, Aug. 28.—A German siege of Paris is not thought likely today. Military experts believe that the enormous German losses and the necessity of speedily turning to face the advancing Russian armies will stand in the way of a siege. The war office confirmed the destruction of Louvain by the Germans.

Britains Demand News

LONDON, Aug. 28.—The British public is becoming restless under the suspense. The newspapers are beginning to demand a loosening of the censorship, while women through the war office for word as to whether their husbands and sons are among the 2000 British dead and wounded of the last week's fighting.

Wednesday's Battle at Cambrai

LONDON, Aug. 28.—"The British troops on the French frontier," announced Premier Asquith in the House of Commons today, "sustained an assault on Wednesday of five German army corps."

"Our forces held their ground until the brunt of the battle had been met,

then retired slightly to a new position. "The British inflicted enormous losses on the Germans. We regret to say our losses were correspondingly heavy."

The Premier explained that the British were holding a line in the vicinity of Cambrai. This is the first definitely known of their position since they left Aons. He said:

"The Germans first attacked the British position. The British Second corps bore the brunt of the assault. The Germans, charging again and again, were repulsed with heavy losses. The British riflemen, supported by artillery, were most effective. While this fight was progressing the British First corps attacked the German right inflicting great losses. The British casualty list has not been received."

A Central News Rome dispatch states that a British destroyer has sunk an Austrian destroyer near Corfu. The report is unconfirmed.

Bringing Wounded Home
Hospital ships are bringing British wounded from Boulogne today.

RUSSIA WAGED BIG BATTLES TODAY

Czar's Forces Crush Austrian
Defense of Capital City
of Galicia

GERMANS SEEK TO HALT KONIGSBERG ADVANCE

200,000 Russians Entrenched
in Valleys—Germans Are
Driven From Homes

ST. PETERSBURG, Aug. 28.—Having driven Austria's outlying defenses in, the Russians were tonight in a position to attack Lemberg, the capital of Austrian Galicia, twenty miles away. The Czar's troops were massed in great force, and the three Austrian corps opposing them were broken and forced back on the city with great loss.

Two Battles Today

The Russian armies engaged in two big battles today. One in East Prussia and the other in Austrian Galicia. The former marked a German attempt to check the Russian advance on Konigsberg. The twentieth German army corps was isolated at Allenstein.

In Austria 200,000 Russians are entrenched in the Sereth and Driester valleys. The objective was Lemberg. Russian aviators have already reconnoitered that city.

Victims of Invasion

BERLIN, (via Rome) Aug. 28.—Telegraphic orders have been received from the Kaiser that the Germans driven from their homes by the Russian invasion will be cared for until the invasion has been checked and it is possible to return them.

Reservists have been rushed to the front and the commanders of all fortifications have been ordered to resist the Russians desperately. A general battle is expected as soon as the Russians come in contact with the first line of German forts.

Evacuated Mazureland

In eastern Prussia the Germans have evacuated the Mazureland region after a Russian victory. The Russians have not experienced any arrest in this very difficult territory, the western outlets of which they occupied yesterday. It is confirmed that the Russians captured a hundred cannon.

In Galicia the Russian offensive pursues its course normally in the region south and southwest of Tarnopol. It is confirmed that Prince Ernest of Saxe-Meiningen has been seriously wounded and has been put in the hospital at Maubeuge.

ROWELL GIVES SUPPORT TO HENNEY

Curtin Still Leads Democratic
Gubernatorial Race—Other
Results Undecided

SAN FRANCISCO, Aug. 28.—John B. Curtin still maintains his lead today for the Democratic gubernatorial nomination and it is practically assured that he will win. It is doubtful whether Bordwell or Conley will oppose Angelett for the chief justiceship.

The latest figures show that the contest for secretary of state may probably be a three-cornered fight between F. J. O'Brien of Chico, James Murphy and Jordan. O'Brien won the Democratic nomination but Murphy is leading him for the Progressive. The complete official figures will not be available for a week or ten days.

Progressive Felicitations
Chester H. Rowell telegraphed to Francis J. Henney today, congratulating him on securing the Progressive senatorial nomination, and pledging his support. Henney replied: "I appreciate your generous telegram. My only regret is that one of us had to lose. It is the pleasantest feature of the campaign was the fact that which ever one won, would receive the loyal support of the other."

WAR TAX TO BE PUT
ON WINE, BEER, BASE-
BALL, PLAY TICKETS

WASHINGTON, Aug. 28.—The House Ways and Means Committee tentatively decided this afternoon to place a war tax on Coca Cola, Pepsi Cola, wine, beer, baseball and theater tickets. The committee stated there was no present intention of taxing whiskey and tobacco.

Belgians in Trenches While the Officer Directs Firing From Tree

This photograph, taken August 6, with the Belgians in the field in the vicinity of Liege, shows the men in the trenches below ready to fire on the approaching Ger-

mans, and an officer exposed on the ladder against the tree to tell them when and how to shoot. The Belgian officer scorned the trench. He left that for the protection of his men.

BERLIN WILD WITH JOY OVER REPORTED GERMAN VICTORIES

BERLIN, Aug. 28.—Convinced by Germany's latest victories that the Kaiser's troops will soon reach Paris, Berlin was half delirious with joy today. The Fatherland's heroism, it was officially announced, had shown its superiority over the enemy at Maubeuge, Longwy and Namur. Much of the fighting had been at the point of the bayonet, with the Germans driving the allies before them. The German losses were admittedly tremendous.

The defeat of the British at Maubeuge and the rout of the French and Belgians south of Namur were announced by the war office today. Beyond saying the losses were heavy, no details were given.

CZAR'S PROMISE OF FREEDOM TO POLAND, STATESMAN-LIKE MOVE

NEW YORK, Aug. 28.—A new autonomous state of Poland, somewhat larger in area than the state of Colorado, with a population approximating 20,000,000, will be one of the results of the European war if Germany and Austria are defeated by the allies.

This is the meaning of the Czar's proclamation promising autonomy to a United Poland if the Poles would come to Russia's assistance.

Poland was the second largest kingdom in Europe from the eleventh century to 1772 when Russia, Prussia and Austria each seized a portion of Polish territory. Other partitions followed until now the ancient kingdom consists of the provinces of Galicia in Austro-Hungary, and Posen in Prussia.

West Prussia and Posen in Prussia, and Poland proper as well as other districts in Russia.

Russia and Prussia have treated the Poles like conquered people. Both countries have attempted to force their own languages and institutions on their Polish subjects by military methods. Poland has been to Russia, and Posen, where most of the German Poles live, has been to Prussia, the Irish question, before passage of the Home Rule Bill, was to England.

Austria has treated her Polish inhabitants far more liberally than has Russia and Prussia, and the province of Galicia which is Austrian Poland, has enjoyed comparative freedom. Many Poles hold high office in the Austrian government. Many are trusted with important posts in the army.

The Galician Poles, hitherto have

AUSTRIA AVOWS WAR TODAY ON BELGIUM

Belgian Minister Gets "Pass-
ports; Italy Expels Austrians;
May Declare War

VIENNA, Aug. 28.—Austria today formally declared war on Belgium. The Belgian minister received his passports and diplomatic relations between the two governments were severed.

Italy Near Declaring War

ROME, Aug. 28.—The Austrian correspondents of the Italian newspapers were expelled from Austria today. It is thought that a declaration of war against Italy will come soon.

Ambassadors Quit Posts

TOKIO, Aug. 28.—Ambassadors Count Von Rex of Germany and Baron Muhler de Szentgyorgy of Austria were turning over their affairs to American Ambassador Guthrie today preparatory to sailing for America en route home.

War Critics Sat in Judgment on English Policy

LONDON, Aug. 28.—The anti-militarists made a vigorous attempt in the House of Commons today to prove that the British foreign office did not do all possible to preserve Europe's peace. The war party, in overwhelming majority, howled the critics of the government down.

Lord Grey, however, explained. He said the German ambassador had suggested that Germany might refrain from interfering in the war between Austria-Hungary and Russia. If England would guarantee the neutrality of France but later it developed the Germans wanted the British to compel French neutrality even though Germany aided Austria against Russia.

CHAFFEE SEEKS DEMOCRATIC PLACE

So Far Leads Burke—Official
Count Will Be Finished
Tonight

Edward Chaffee, prohibitionist, may get the Democratic nomination for assemblyman. That seems to be the most important question that is to be decided by the official count of returns now being made by the Board of Supervisors. The official count will make no material difference in the results already announced.

The canvass began yesterday afternoon and continued until 1 o'clock last night, and is in progress again today. It will probably be finished after midnight tonight.

Chaffee has a representative present, keeping check on his vote. The canvass of thirty-five precincts out of seventy-five in the county has been finished and for the Democratic nomination Chaffee has seventy-three votes, J. C. Burke sixty and H. V. Weisel sixteen.

Chaffee's friends laid plans for him to get the Democratic nomination. No Democrat was named by petition. Burke was the only Republican seeking the Republican nomination and Weisel the only one seeking the Progressive. They have those nominations, and Chaffee has the prohibition nomination. The only question to be settled is as to who gets the Democratic nomination, and then comes another question: Who will be elected in November?

5000 MEXICAN INTERNES

WASHINGTON, Aug. 28.—The War Department announces that on guarantee of protection from Carranza, the 5000 interned Mexicans at Forts Win-gate and Rosecrans will be permitted to return to their country.

The cost to the United States of keeping these Mexican soldiers and camp followers has been about \$500,000. No arrangement has yet been made for the repayment of this outlay.

DRYS TO AID PROGRESSIVES

COLUMBUS, O., Aug. 28.—Progressive candidates will receive the support of prohibitionists, according to members of the State Central Committee of the latter party which met here today.

MAD RIOT OF BATTLE AT FRONT

Allies Give Ground Before Ger-
man Charge—Second De-
fense Line Holds

BRITISH MEET ASSAULT OF GERMANS ON CENTER

Kaiser Stakes All on Massed
Assault to Open Coveted
Road to Paris

PARIS, Aug. 28.—Such mad confusion and fighting prevailed at the front today that it was hard to determine how the battle was turning. That the allies had given ground where the German forces were strongest was admitted. The war office, however, asserted that the second defensive lines were holding, though the allies were outnumbered. It was denied that the French flank had been turned, and it was insisted that at the "proper time" the Gallic troops will resume the offensive.

The British expeditions, it was stated, were concentrated in the center, where they must either defeat the Germans or be overwhelmed. Military experts believed the Kaiser was staking everything on a massed assault, and if they broke the allies' second line, it was admitted that they will have cleared the road to Paris.

Allies Fought Valiantly

PARIS, Aug. 28.—The following official bulletin was issued by the war office last night:

"In the Vosges district our troops today resumed the offensive and drove back the Germans who yesterday had forced them to retire on the Saint Die side."

"The Germans yesterday bombarded Saffit Die, which is an unfortified town. "In the region between the Vosges and Nancy our offensive movement has continued uninterrupted for five days. The German losses have been considerable. 2500 bodies were found on a front of three kilometers south-east of Nancy and 4500 bodies on a front of four kilometers in the region of Vitrimont."

"Longwy, a very old fortress, the garrison of which consisted of only one battalion, which had been bombarded since August 3, capitulated today after holding out for over twenty-four days. More than half the garrison was killed or wounded. Lieut-Col. Darche, governor of Longwy, has been nominated an officer of the Legion of honor for heroic conduct in the defense of Longwy."

"On the Meuse our troops have repulsed with great vigor several German attacks. A German flag was taken."

"The Belgian field army attached to Namur and a French regiment which supported it have joined our lines."

"In the north the British have attacked forces greatly superior in number and were obliged, after brilliant resistance, to withdraw a little in the rear, on their right."

"Our armies maintained their position in Belgium. The army of Antwerp by its offensive has drawn off, and has before it several German divisions."

"The Germans, having effected a consolidation of the armies of the Saar and the Moselle are reported as advancing in enormous force on Longwy, which the vanguard of the German army has already occupied. Villerupt, Joppecourt, Audun-le-Roman, Briery, and Montmedy have also been occupied."

Messages from the front said the Germans had lost 60,000 killed and wounded in three days fighting at Charleroi, Belgium, the corpses being piled so high in some places they had to be moved to give the artillery free play."

The Germans are said to have re-occupied Frameries, Belgium, and to have recaptured Malines which the Belgians lost, and retook by a sortie from Antwerp. The losses in the latter engagement were appalling."

Belgian Congo is Attacked
PARIS, Aug. 28.—That the Germans are attacking the Belgian Congo was stated in Libreville dispatches. The British are said to be aiding in the Belgian resistance.

SAN DIEGO CLEAN-UP LAW

SAN DIEGO, Aug. 28.—A city cleanup ordinance, similar to the ordinance in force in Los Angeles, Pasadena and other cities in California, is being framed by Mrs. Carleton, president of the public welfare committee with the help of City Attorney Cosgrove. The ordinance will probably have an emergency clause attached.

WEATHER FORECAST

Fair tonight; Saturday generally cloudy along the coast; light west winds.

Baldwin Dry Air Refrigerators, "the box with the steady cold wave," at reduced prices. Family sizes at \$7.65, \$12.00, \$13.50, \$14.75 and up. Horton-Spurgeon Furniture Company.

SERIES GERMAN VICTORIES REPORTED

Kaiser's Troops Said to Have
Reached Calais—German
Cavalry at Ostend

French and English Armies
Said to Be Surrounded on All
Sides by Germans

WASHINGTON, Aug. 28.—Ambassador Von Bernstorff this afternoon showed a dispatch saying that the Germans had arrived at Calais.

A series of German victories were reported in a cablegram to the German embassy from Berlin today. The message read: "The allies are divided, the east and northern armies being widely separated. As a result of recent encounters the French and English armies on the Sambre and the Meuse are surrounded on all sides by the Germans. The German cavalry has advanced to Ostend. Civilians in Louvain perditionally attacked the German troops and were punished by the destruction of the city."

Denies Barbarism
Ambassador Von Bernstorff denied today that the Germans had violated the rules of civilized warfare by dropping bombs from Zeppelins into Antwerp. He asserted that the French aeroplanes had dropped bombs in Cologne on the first day of the war. Antwerp, he said, is fortified so well that it made no difference whether a bombardment was attempted from airships or warships.

WAR BRIEFS

Proofs of Canada's Loyalty
VANCOUVER, B. C., Aug. 28.—An announcement that the Canadian-Pacific has sent half of its employees to fight for England on full pay, is another proof that Canada is determined to do everything possible for the mother country.

Germans Mount Guns at Brussels
BRUSSELS (via Antwerp), Aug. 28.—The Germans now in occupation of Brussels have mounted rapid fire guns at the city's northern entrance. Automatic guns on trucks are patrolling the suburbs. There have been no outbreaks. Burgomaster Max has won German respect by his firmness and has been treated with every courtesy.

CARDINALS JOIN IN SISTINE CHAPEL MASS FOR THE POPE

ROME, Aug. 28.—Cardinal Vanutelli today celebrated the first Sistine Chapel mass for the repose of the late Pope Pius X. Every Cardinal in Rome participated in the mass.

TWO BANOITS ROB LOS ANGELES HOTEL TERRORIZE WOMAN

LOS ANGELES, Aug. 28.—Two masked bandits entered the room of Miss Georgia Baker, the proprietor of the Fairfield Hotel today, forced her to silence at the point of a revolver and stole \$2500 worth of jewelry. The robbers produced dynamite and made an unsuccessful attempt to blow the hotel safe. After thoroughly terrorizing the woman they backed from the hotel and escaped. The police have a good description of them and believe the robbers will be captured.

ADMINISTRATION UNFAVORABLE TO U. S. MORATORIUM

WASHINGTON, Aug. 28.—The administration officials today opposed the agitation for an American moratorium because of unsettled world finances. Wall Street and foreign importers are said to be behind the move. It is doubtful if Congress and the President are empowered to act.

BATHING MORE POPULAR WITH HOP-FIELD WORKERS

SAN FRANCISCO, Aug. 28.—Inquiry into Stockton labor disturbances was completed yesterday by the Federal Industrial Relations Commission, and the subject of seasonal labor was entered upon.

Bathing is not practiced universally by hop-field employees, according to E. Clemens Horst, a large employer of this class of labor. His company has provided bathing facilities for its employees for many years, he testified. "Ten years ago nobody used our bath-houses," he testified. "Now more of the employees are bathing and in another year perhaps they will get used to baths."

MILITIA WAR SCHOOL ENCAMPMENT IS OVER

PEEKSKILL, N. Y., Aug. 27.—After three weeks of war study officers of the New York National Guard today broke camp and started for their homes. During the period they have been here the militia have received instruction in military law, infantry tactics, supply and transport, administration and field fortification under the direction of proficient regular army officers. Some of the instructors were from the War College in Washington. Other courses at the officers' camp this summer dealt with signalling and communication, sanitation and first aid and post administration and inspection.

During the three weeks, a provisional company of infantry, at war strength under command of Lieutenant Thomas L. Crystal, U. S. A., was on duty as an object lesson for the student militia officers, in illustrating the problems of attack and defense the company used ball ammunition, it being the belief that the use of the real thing would make the men more careful, more subservient to discipline and a greater factor in teaching fire control.

STORES ROBBED AT BOLSA AND EL TORO

Over \$300 Worth of Merchandise Stolen From Spradlin

Last night over \$300 worth of merchandise was stolen from Spradlin's store at Bolsa. Burglars broke into the El Toro Meat Market at El Toro, stole \$20 in money and a quantity of supplies, such as meat, lard and bacon. The Bolsa store was robbed about two years ago in much the same manner that it was robbed last night. Last night the thieves broke a window at the rear of the store, crawled in and opened the rear door, out of which the merchandise was taken and loaded into a wagon. The list of articles missing, as given to Under Sheriff Law, includes eighty-five pairs of shoes, men's shirts, three or four sweaters, four pairs of silk gloves, two or three clocks and a quantity of tobacco, cigars and cigarettes. Nothing was known of the burglary until this morning. The El Toro market was entered some time during the night. This morning an officer went from the sheriff's office to El Toro to investigate.

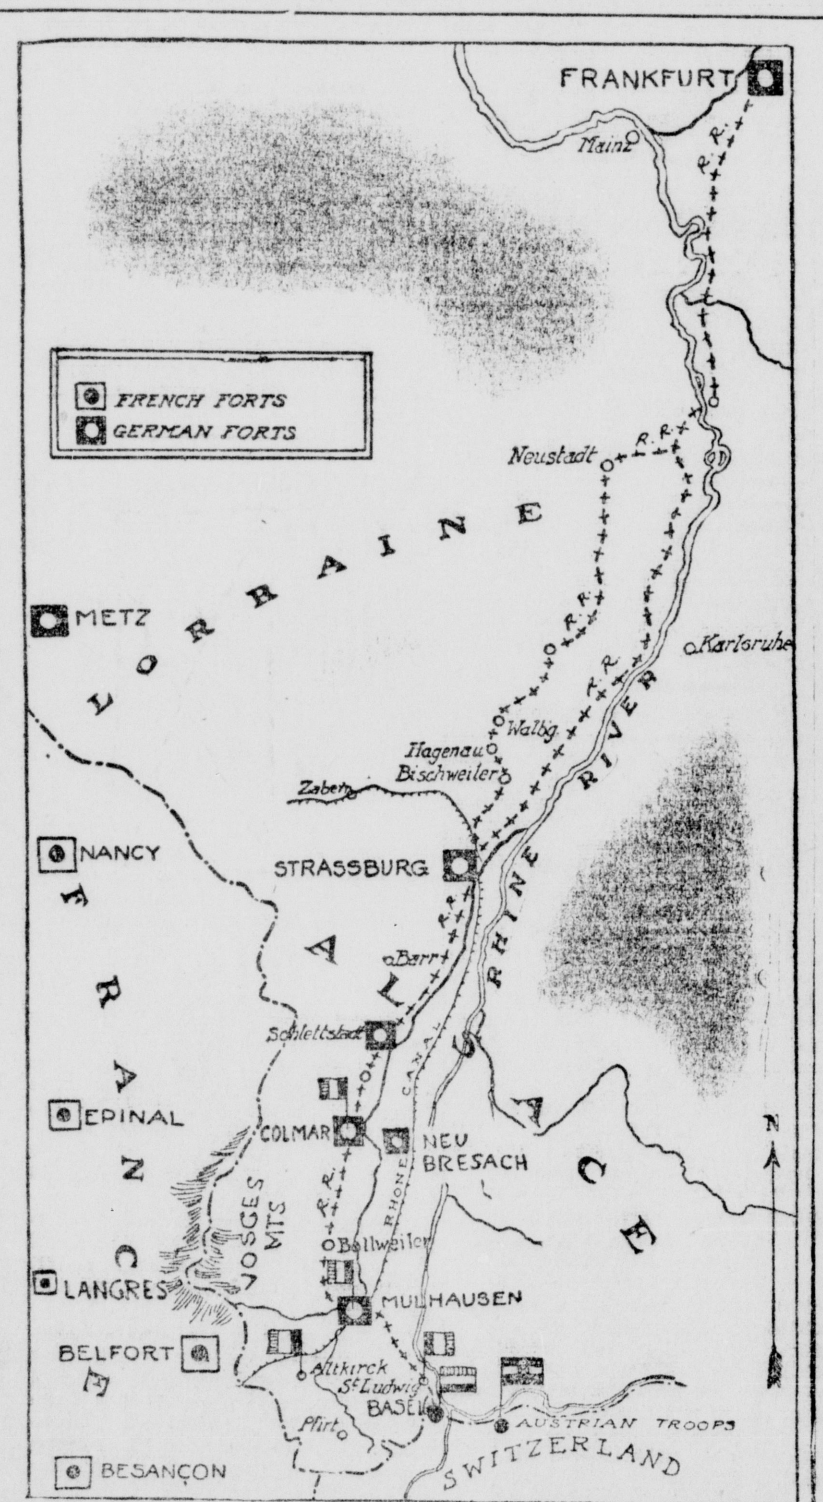

FLY SWATTERS FREE
Tomorrow the Register will give a good Fly Swatter free with every Want ad. brought to this office and paid for in advance, at regular rates.

ANN SWINBURNE, AMERICAN SINGER, AND A FRIEND ARE REPORTED LOST IN EUROPE

Ann Swinburne, the American singer, sent this photograph of herself and Miss Itten, a friend who was traveling with her, from St. Moritz July 28, three days before Germany declared war on Russia. She was going on to Rome within a few days. Since then nothing has been heard of her. Her relatives and friends have appealed to Ambassador Gerard in Germany and other American representatives but up to last week had learned nothing. Victor Herbert is anxious to have her here now to rehearse for the stellar roles in "Sweethearts," "Madame Modiste" and the "Madcap Duchess." She is to appear in each of these when the season opens.

France's Dream Comes True; She Has Invaded Alsace

This diagram shows the French dream of forty-four years has come true. Since the Franco-Prussian war the invasion and reconquest of Alsace-Lorraine has been a French obsession. Now her troops are actually within the territory and victorious after several hot fights. They started for Strassburg, a flourishing German city, and they had hopes of taking it. The French crossed the border from their mobilization camps at Langres and Belfort. They went through the passes in the Vosges mountains and had some hard fighting, in which their losses were heavy. But they pushed on and took Altkirch and then the important city of Mulhausen. In the meantime Austrian troops to the number of 40,000, it was reported, were in Switzerland (thereby violating the neutrality of the little nation) ready to follow the French. The Germans having retired to Strassburg, the theorists had it that the invader would be caught between two fires. But those who had confidence in General Joseph Joffre, commander in chief of the French army, who was leading the invasion, were not worried.

LORIMER BANK OFFICERS HAVE BEEN INDICTED

CHICAGO, Aug. 28.—Beating the statute of limitations by only twenty-four hours, the federal grand jury here yesterday indicted three officials of the former La Salle Street National Bank, the predecessor of the La Salle Street Trust and Savings Bank, founded by William Lorimer, and closed two months ago by the State Banking Department. Charles B. Munday, vice-president; Charles G. Fox, cashier, and Thomas McDonald, assistant cashier, were indicted, charged with having inflated records of the assets of the bank \$200,000 on August 28, 1911, with the intent to deceive the agent of the controller of the United States.

BROAD CITY CHARTER FOR ST. LOUIS IN EFFECT TONIGHT

ST. LOUIS, Aug. 28.—At midnight tonight St. Louis will pass from her old form of city government into a new code providing for the initiative, referendum and recall; public ownership of public utilities; civil service; and a one house assembly. When the new city charter was adopted two months ago it was provided that the change should be made August 29 except as it affects certain branches. Under the terms of the new charter, Mayor Kiel tomorrow will appoint the following "new" city officials: Four directors of Board of Public Service, three directors of Efficiency Board, three members of Complaint Board without salary. The remaining appointments will be made from the present city officials of employees as provided in the charter. Mayor Kiel will hold office until April, 1917, when the first new charter majority election will be held. The present house of delegates and City Council will be abolished the first Tuesday in April, 1915, when a new Charter Board of Aldermen, consisting of twenty-eight men, one from each ward, and a president of this board will be elected. All other present officials will hold office until 1917, when the mayor will have the appointment of all such officers who are now elected. The only exception is the comptroller, who will be elected in 1917. The present comptroller will hold office until then.

NEW PRESIDENT FOR SAN DOMINGO IN OFFICE LATE TODAY

WASHINGTON, Aug. 28.—President Bordas of San Domingo has agreed to resign at 3 o'clock this afternoon, when Raymon Baez, head of the National University of San Domingo, will succeed him. This agreement by all factions was reached yesterday at the conference with American peace commissioners. Former Governor Fort of New Jersey, chairman of the commission sent by President Wilson to settle the revolution on the island, cabled the State Department that the agreement was reached after a day of conferences. President Bordas will be a candidate if he desires in the elections which are to be conducted by the new provisional president, Raymon Baez. The latter, however, will not be permitted to enter the presidential race.

1019 REFUGEES REACH AMERICAN SHORES

MONTREAL, Aug. 28.—The Cunard steamer Andania arrived here yesterday morning from London with 1019 Canadian and American refugees from the European war zone.

NO JAIL FOR TRUST HEADS

WASHINGTON, Aug. 28.—Senator Reed's motion to include a jail penalty in the "holding company" provision of the Clayton trust bill was defeated 29 to 22 yesterday in the Senate. The Senate also voted against incorporating a jail sentence provision in the section against interlocking directors. The vote was 29 to 20.

Garland Gas Stoves

For forty years "Garlands" have had the reputation of being as high grade, perfect working and economical stoves as is possible to buy. One of the most satisfactory gas ranges made in this line is the No. 360. This range has a large 18-in. oven, fine broiler and five burners on top. It is equipped with the famous Garland adjustable valves and has the most economical burner known. It sets up high from the floor, is made heavy and lasting, works perfectly and is guaranteed to please. We sell this stove for \$24.00. Can't we show you this stove?

Doings In Social and Club Circles

BARBECUE AT BEACH

Jolly Elks Enjoyed Appetizing Fish Supper Last Night at Corona Del Mar

A picturesque scene was that at Rocky Point below lovely Corona del Mar last evening when more than one hundred and fifty Elks and their ladies from Santa Ana and other local points enjoyed a fish barbecue and all the accessories of relishes, aromatic coffee, and various appetizing viands. The rocky shore rising jaggedly from the pounding surf, was lighted with immense bonfires whose roaring flames lighted hills and waves in the near vicinity, while merry laughter and airy jests rose lightly on the evening air.

The Elks and ladies had motored to the scene of the barbecue, and the supper hour arrived none too soon for the appetites sharpened by the exhilarating ride. From half past five to seven o'clock the gay picnickers were busy replenishing plates and cups from the apparently endless supply of eatables. Later the crowd was rowed back to Balboa over the waters of the Newport Bay which they had traversed earlier in the evening, and then dancing became the order of the night. The pavilion at Balboa, brilliantly lighted, was filled with dancers, the party having been increased by half a hundred more Elks and their friends. The evening was spent delightfully, everyone declaring the event to be one of the best, if not the very best, ever enjoyed by the local Elks.

All united in praising the admirable manner in which the committee had performed the duties of hosts and managers. The committee included Messrs. J. P. Greely, Lew Wallace, W. W. Wilson, Lee Collins, L. S. Wilkinson, with Leo Goepfer as barbecue chef.

Picnicked at Balboa

Taking the car to Balboa Beach this morning from Santa Ana were several Orange and McPherson people who are well known here. The party included Mrs. Stephen McPherson of McPherson, Mrs. I. L. McPherson, Mrs. W. G. McPherson, Mrs. A. J. Sanders, Mrs. Ida Crowell of Orange, Mrs. R. W. Jones and Mrs. J. R. Fletcher and Miss Ida Mitchell of El Modena. The outing was in the nature of a picnic, the ladies taking lunch boxes with them.

"We Five" Party

"We Five" were most hospitably entertained yesterday at the home of Mrs. Kate Fischer, 214 West First street, at a birthday party given in honor of the hostess. A most delicious two-course menu was served at 5 o'clock. Table decorations were pink carnations and ferns. The parlor was resplendent with various kinds of flowers. Mrs. Fischer was ably assisted by her charming daughter, Miss Lillian.

WAKENED THE HONOREE

Miss Evelyn Thompson Surprised by Party of Friends on Birthday Evening

It is unusual to find the proposed honoree of a surprise party sleeping sweetly when the company of self-invited guests arrive on the scene of action, but the unexpected happened when a group of Santa Ana friends arrived at the home of Mr. and Mrs. J. W. Thompson last night to surprise Miss Evelyn Thompson and help her celebrate her birthday. It was conceded that the affair was a genuine surprise, perhaps as much to the visitors as to the honoree. When she was awakened to greet the visitors, Miss Evelyn gave them a hearty welcome and the evening's merriment had a good beginning.

Jolly games engaged everybody, and some of the contests waxed most enthusiastically. Piano music and a number of songs added to the pleasure of the occasion which had a most agreeable ending when dainty refreshments were served. Good wishes mingled with the good-byes that were said soon after.

Besides Mr. and Mrs. Thompson, Miss Evelyn and her two brothers, Orvel and Stanford, there were present Misses Ruby and Hattie Krascchel, Katie and Josephine Staats, Mamie Burton, Martha Williams, Sarah Farley and Messrs. H. Ford, Archie Jones, E. F. Shade, Preston Kerr, Palmer Lee, Clyde Leatherwood, Tom Staats and R. H. Carmichael.

Charming Dancing Party

Miss Carrie Graham was hostess on Wednesday evening at a pleasant dancing party at the Meyer Apartments. The sun parlor was utilized for dancing, and refreshments of punch and waters were served during the evening.

Miss Graham's guests included Mrs. Joe Parsons; Miss Ava Wells, Miss Margaret Wakeham, Miss Alice Toom-an, Miss Pauline Parsons, Miss Edith Cole, Miss Lucy Stevens, Miss Irene Edwards; Messrs. Joe Parsons, Hubert Tooman, Sam Keys, V. Clem, Harry Baade, Geo. Platt, Slaker, Leslie Williams; Dr. Jacobs.

Memorial Service

The memorial service for Dr. A. C. Junkin, for fifty-seven years a Presbyterian minister, will be held at the Garden Grove Baptist Church Sunday. The service will be in charge of Reverend William Thomas, pastor.

For Young Campaigners

A meeting of Young Campaigners will be addressed by Mrs. Carrie Lee Carter-Stokes at the First M. E. Church on Thursday, September 3, at 2:30 p. m. All children from 6 to 15 years are invited to form an organization for further work.

Epworth League Social

There will be a social meeting of the Epworth League of the First Methodist Church at the church at 7:45 o'clock this evening. Young people are cordially invited.

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00 C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

Among other subjects to be treated in detailed fashion in the "Public School Music Course" will be Conducting, Interpretation, Ear Training, Sight Reading, General Musical Theory including Rhythm, Time, Accent, Notation, Key Relationship, Chord Formation, etc., besides Solfege, Terminology, Repertoire and Principle of Correct Voice production with special reference to care of children's voices at critical period of change.

We believe that not only the course itself but the certificate showing that such special work has been accomplished will prove of distinct value to every teacher.

A most moderate rate was been made for the course which begins October 10th.

504 1/2 N. Main St. Pacific 214

THE ALTAR SOCIETY

Hostess of Meeting Yesterday Made Special Efforts for Honored Guests

The ladies of the Altar Society of St. Joseph's Catholic Church gathered yesterday afternoon at the hospitable home of Mrs. Henry Cochems on F street and enjoyed one of the most pleasant and profitable meetings of their history. About thirty ladies were present.

Mrs. Cochems had made a special effort yesterday in honor of the three new members of the society, Mrs. Ed Milne of Fulton, Ill., Mrs. Leo M. Doyle and Mrs. J. B. Byron.

The home was bright with scarlet geraniums which glistened among ropes of asparagus ferns, and a large vase filled with the flowers occupied a central position on the prettily appointed table, geranium blossoms also being scattered over the table cloth. Refreshments of sandwiches, olives, coffee, ice cream and delicious home-made cakes were appreciated.

The afternoon hours sped rapidly with the work the ladies are preparing for the coming bazaar, conversation and listening to instructions for society work by the pastor, Rev. H. Eum-melen, who was an honored guest.

The members left a generous sum to be added to the society treasury.

Auld Lang Syne Club

Miss Mettie Chaffee entertained the Auld Lang Syne Club at her home in Garuen Grove Thursday. Twelve members were present and the usual social time was enjoyed.

The guests of the club were Mr. Ed Johnson and daughters, Miss Edna of Rivera, Mrs. Silas Sprohls and Miss Madeline of Los Angeles; Mrs. Winona Crawford of Glendale and Mrs. Harriet Nash of Hanford.

A sumptuous repast was served at 1 o'clock by the hostess and her sister, Miss Leila Chaffee. The next meeting will be held the last Thursday in October with Mrs. Fred Harrison, at Garden Grove.

Personals

Mrs. A. Ulmer was among the Santa Anans who spent today in Los Angeles.

Mr. and Mrs. F. T. Mueller were visitors in Los Angeles today where they were the guests of their daughter, Mrs. Webster.

Frank Chapman returned yesterday from a week spent at Newport Beach. Mrs. A. J. Lawton went to Long Beach this morning for a few days visit with friends in the seaside city.

Mr. and Mrs. W. H. H. Jones were visitors in Los Angeles and Pasadena today.

Mrs. L. H. Neff of Santa Ana and her daughter, Mrs. Dennis of Orange, went to Los Angeles today to attend the funeral of a Nebraska friend.

Mrs. Ray Chandler spent today in the Angel City.

Rev. R. R. Raymond was a morning passenger on a Los Angeles bound car today.

Mr. and Mrs. F. H. Cochran and daughter Velma of Riverside who have been visiting their parents, Mr. and Mrs. S. J. Chapman, and other relatives returned to Riverside last evening. While here they spent almost two weeks at Newport Beach.

Mrs. Nina Reid sailed on the Harvard today for San Francisco, booking the passage through the Salt Lake office.

Mrs. Homer Walker of Redlands spent a delightful day with Mrs. W. J. Pollard of Tustin, yesterday.

Mrs. E. D. Nelson returned to Santa Ana on Wednesday, from a two-months' visit in the East.

Mrs. William Iher of Burlington, Iowa, is visiting at the home of her daughter, Mrs. Harry E. Zaiser, on C street.

Miss Ruth Rowland has returned to her home in Kansas City after a delightful three months spent here with her brother, F. C. Rowland, and wife of 810 South McClay street, as her hosts. Luc Rowlands took her to Los Angeles in their car and saw her safely off on the train for her Missouri home.

Mrs. Annie Hickerson of Hoquiam, Wash., who has been here several weeks visiting her sister, Miss Helen Minniken, and sister-in-law, Mrs. Sarah Minniken, departed for her home this morning, going by way of Long Beach. Mrs. Minniken accompanied her to Los Angeles and will return tomorrow. Mrs. Hickerson has made many friends here during her short stay and it is hoped she will decide to make her home here later.

Mr. and Mrs. John Gebhardt left Friday morning for Lansing, Iowa, being called there by the illness of her brother. While away they intend to visit their former home in western Iowa.

Dr. Dorothy Harbaugh

Physician and Surgeon. Hours: 10 to 12 a. m.; 2 to 4 p. m. and by appointment. Special attention given to Gynecology and Obstetrics. 610 East Fourth St. Phone: Home 131; Pacific 1310.

Ask for KRYPTOK Lenses

The only Invisible Bifocal, near and far vision in one pair. Made by

Dr. K. A. Loerch Phone 194. 116 E. 4th.

MORE ABOUT THAT GRAPE INDUSTRY

1. The sum of \$150,000,000 is not invested in wine-grape growing. Possibly one-half that sum is invested, and two-thirds of this is the value of lands which can be used for orchards or other crops.

2. That the sum of \$26,175,000 income is received by the state is false. The state gets no income from the business except taxes; nor does that sum represent the sales of wine products or grapes. Less than \$9,000,000 represents the value of wine grapes last year.

3. 60,000 people may be in viticulture, but not in the growing of wine grapes or in the business of wine making. Nearly all of them are in the business of ranching and are growing other crops as well as grapes, and about half are growing table grapes only or are engaged in the raisin industry.

4. Not half of the alleged 340,000 acres of land devoted to viticulture is in wine grapes.

5. Wine grape growing is not a great industry, but a puny sickly industry. It is dying out of itself and unless saved by pauper labor from Europe coming in through the Panama canal it will die even if the state does not go "dry." Up to date it has employed cheap Japanese and Hindu labor and yet has lost money.

Then, it may be asked, why are the grape growers making all this noise?

The grape growers are not. Some of them in alliance with brewers and distillers or interested financially in the business of the latter or in making wine from grapes are.

CALIFORNIA DRY COMMITTEE FOR SANTA ANA.

AUTOS COLLIDE BUT DAMAGE IS SLIGHT

Anaheim Herald: Yesterday afternoon as C. P. Baumgardner was turning around on East Center street in front of the A. Nagel hardware store his Ford car was run into by J. C. Cordes' automobile.

Baumgardner had signaled that he was going to turn but Cordes' machine was not under control as the brakes were not working well. The speed of the car was lessened but the big car crashed into the Ford and damaged both machines to some extent. The Ford was driven onto the sidewalk and had the rear mud guard jammed and the body damaged to some extent. The Cordes car had a lamp smashed and some other small injuries. Cordes and Baumgardner were driving alone and were both lucky in getting off so well.

VETERANS TO MEET ON SEPTEMBER 15TH

Orange county veterans of the civil war will hold their annual re-union at Anaheim on Tuesday, September 15. Mrs. Mason of Riverside, a whistling soloist, will furnish an interest part of the program, and the Los Angeles drum corps is expected to be present. There will be addresses and other features of the usual character. The meeting place is Odd Fellows' hall. Captain L. R. Williams of Anaheim is president of the association and A. B. Paul of Santa Ana is the secretary. The full program will be announced in a few days.

AMUSEMENTS

Arnold Daly, the Noted Dramatic Star, Makes His Bow in Motion Pictures

Arnold Daly, one of the foremost stars of the modern stage, famed as an exponent of the "intelligent" dramatic art, is expected to be present in the popular story of foreign intrigue and romantic adventure by the famous novelist, Meredith Nicholson. Mr. Daly's subtle delineations of character and his delicate artistry have earned him a host of admirers throughout the world. Those who remember his polished and precise portrayal of Napoleon in Bernard Shaw's "Man of Destiny" will quickly recognize his special fitness for the role of John Armitage, the clever and daring subject of a mythical kingdom, who comes to the United States and becomes imbued with the spirit of American democracy, and who later on, does great service for the empire, and yet remains loyal to his adopted country, America, also showing himself no unskilled adept at the art of love-making.

At no time does this tense drama of love and conspiracy lose its firm grasp on the interest of the beholder. From the moment John Armitage, who is no other than Frederick Augustus Von Stroebel, son of the prime minister of his native empire, comes to America with Frederick, the heir to the throne, he is kept busy falling in love and foiling the schemes and machinations of the spurious John Armitage diverts toward himself the murderous aims of the conspirators directed against Frederick, while meantime he secretes the rightful heir until the time when he can present his claims to the throne. During the course of the action, John Armitage risks love, fair name, liberty and life itself. But his labors are not in vain, and in the end he sets Frederick upon the throne, becoming once more an American gentleman of private life, and triumphantly claiming his American sweetheart, whom he prefers to the foreign titles which are offered him.

"The Port of Missing Men" will be seen at the Temple Theatre tomorrow and Sunday nights only.

THOMAS W. GREGORY FOR ATTORNEY-GENERAL

VANDERMAST & SON

YOUTH MEN WILL CELEBRATE LABOR DAY AT COUNTY PARK

Union men of Santa Ana and Orange county will celebrate Labor Day, September 7, with a picnic at Orange County Park. The celebration will be under the auspices of the Orange County Central Trades Council. There will be a basket dinner, music, dancing and other diversions, and a large attendance is expected. Those who have no conveyances of their own will meet at Birch Park on Monday morning at 9:30, and transportation will be provided by the committee in charge.

SUPERVISOR LECK IS PLEASED WITH FAITH SHOWN BY RESULTS

Supervisor Jasper Leck is highly pleased with the big vote of confidence and faith given him in the fifth district, where he was elected over all opponents.

"I have endeavored to do my duty," said he. "With the support that the Board of Supervisors is receiving in new enterprises from the Associated Chambers of Commerce, I feel sure that the next four years will see Orange county go ahead in public enterprise faster than ever before. I certainly thank the people of my district for showing that they as a whole are pleased with my work for the county and the district."

THE CIRCUS IS COMING; YOUNG HEARTS FLUTTER

Barnum & Bailey's advance car No. 1 was in town today. The "greatest show on earth" will be in Santa Ana Friday, September 18, according to the information set forth on the gaudy posters which the circus advance men have put up on the billboards in the city. As a result of the bill posting the hearts of local youngsters have been made to undergo many anticipatory flutterings.

SMALL BLAZE CAUSED BY AN ELECTRIC IRON

A small blaze in the residence of L. A. Newman, 1007 West Chestnut, had been extinguished by the time the fire department arrived yesterday afternoon about 6:30 o'clock. The fire was caused by an electric iron which was left burning on an ironing board. The iron burned its way through the board and dropped to the floor. The blaze was discovered in time to prevent much damage being done.

RUSSELL COLEMAN THANKS SUPPORTERS

To the Voters of Santa Ana Township: Having received the highest vote for constable, I am more than pleased with the result of the election. For their support and work, I wish to thank my friends. I appreciate their efforts most sincerely.

WM. RUSSELL COLEMAN.

YOU NEED NOT FUSS WITH TWO PAIRS OF GLASSES

If you wear KRYPTOKS. Ask us about Kryptok Lenses. They give you near and far vision in one pair without seams or cement.

We close at noon on Saturdays.

C. P. Kryhl & Son. Jewelers and State Registered Optometrists. 118 East Fourth St., Santa Ana.

Upon the resignation of James C. McReynolds, attorney-general, when the President decided to nominate him for associate justice of the supreme court, Thomas W. Gregory of Texas was chosen for attorney-general.

Mr. Gregory was born in Crawfordville, Miss., November 6, 1862, and was admitted to the Texas bar in 1885. His home is in Austin. Col. E. M. House, close personal friend of President Wilson, was responsible for his being engaged to handle the New Haven case.

YOUTHS ON HORSES AWAITED BY OFFICERS

Local officers are awaiting the arrival in this city from Pasadena of two 14-year-old youngsters, Eddie Binkum and John Nennish, who rented two bay saddle horses Wednesday, spent the night in Los Angeles and, at last reports, were on their way to Santa Ana. The chief of police of Pasadena notified City Marshal Jernigan of the boys' departure from the Crown City.

GETS WATCH BACK AFTER MANY MONTHS

City Marshal Jernigan this morning turned over to Frank Todd of the Southern California Edison Company a watch which was stolen from Todd on October 26, 1913. The timepiece was sold in San Diego August 15 by one Jose Sanchez. San Diego police were on the lookout for the watch and, as all pawnbrokers and second-hand dealers are required to turn in reports of all watches they buy, they, having the number of the watch, knew at once that the chronometer was to be turned over to Jernigan. That Todd was pleased to get his watch back goes without saying.

CONTRIBUTIONS TO CHAMBER OF COMMERCE

Mrs. J. G. Bailey, 608 North Broadway, beautiful gladiolas and Japanese bamboo.

Mrs. R. K. Bishop, City, large bouquet Chrysanthemums.

Mrs. L. L. Bishop, Sycamore and Third, lemon cucumbers grown on second floor at Bungalow Flats over postoffice.

Ray Billingsley, Villa Park, seven large grape-fruit on one stem.

Frank Cowlin, large bouquet dahlias.

H. J. Crouch, West Fifth street, dwarf improved horticultural beans.

A. S. Davis, R.F.D. 1, red sweet potatoes.

Dr. G. H. Dobson, City, Indian mortar and pestle, two bones from Indian, found at San Clemente Island.

R. J. Elliott, 724 G street, tuberose and quinces.

J. W. Freeman, McFadden street, Rhode Island greening apples, Maiden Blush apples, one of which measures thirteen inches in circumference.

S. Goodwin, 616 S. Flower, large cucumber, Italian variety, 14 1/2 inches in circumference, 2 feet in length.

W. C. Hinton, 1650 W. Pine, giant comet and crego astors.

Geo. Huntington, Newport Heights, banana apples and greening apples.

Mrs. G. P. Hill donated about one thousand Orange county ribbons.

D. W. Hicks, W. Second street, yard beans.

J. Robinson, 601 E. Sixth street, popcorn, fourteen feet high.

Martin Shields, City, "Stump the World" peaches.

Geo. S. Smith, City, monkey pine cone from monkey puzzle tree.

G. B. Salkeld, large bell peppers.

Mrs. Hallie Thomas, large cucumber.

Geo. Chamberlain, apples from the Chas. Woodford ranch, Greenleaf street.

E. A. White, Valencia oranges shaped like lemons.

—Don't forget the new Millinery store, where you can get the most up-to-date styles at lowest prices. Mode Millinery, 415 N. Main street.

LOANED HIS AUTO, HAD TO GO FORTH AND HUNT FOR IT

George Cook, who lives northeast of Garden Grove, has concluded that loaning an automobile is a worrisome business. Last Sunday a motorcyclist was passing near Cook's place, and his machine broke down. Out of the kindness of heart that prevades the Cook family, an automobile was loaned to the motorcyclist, who proceeded to load his broken motorcycle into the machine. He promised an early return of the automobile.

When Thursday arrived and the automobile was not yet returned, Cook got upon its trail. He located the borrower in Los Angeles, and recovered the automobile. The motorcyclist said he was waiting to get his machine repaired so that when he returned the automobile he could ride back to Los Angeles on his motorcycle.

L'GUNA AUTO STAGE

SCHOOL COURSE IN ROAD BUILDING

The Boy Scout and Juvenile Road Patrol movements, as an incentive to youthful interest in road building, have been tried out in different parts of the country, but it has been for a woman school supervisor in Oregon to conceive the idea of making road building a regular study in the country school. Miss Van Bibber, who has charge of the schools in Lane county, Oregon, has planned such a course and has been given permission to carry it out.

Near each school will be built and maintained by the children a piece of roadway. The gravel and other materials necessary will be furnished by the supervisors, who will also take charge of such work as blasting and other dangerous work which the children could not be trusted to carry on. Experienced road builders will from time to time demonstrate the principles of road building, supplementing the regular class-room study.

Good roads clubs will be organized in each school, and prizes will be awarded each season for the strip of road that best stands the test of the season's usage. The students who take the actual road building work will be given regular credit the same as on other studies. The whole plan is to arouse interest in better roads and to establish the fundamental principles of road building and drainage. The plan has been entered into with the greatest enthusiasm by teachers and pupils.

Mr. T. M. Gilmore, of the Model License League, sounds the alarm: "It is admitted by all distillers that we have in bond in Kentucky at the present time, of the crops of 1910, 1911, 1912, 1913, and 1914, an aggregate surplus of at least 35,000,000 gallons, and that it is imperative that a very limited output should be produced during the present season." Prohibition doesn't prohibit, but it does accumulate stock in the liquor warehouses.

FORESHADOWS SUCCESS

The overwhelming Republican vote for John M. Eshleman for lieutenant governor is being commented on to-day as the most significant feature of the primary election. It was the one thing in the primary that received the keen attention of politicians because of the general opinion that if Eshleman could win the Republican nomination it would foreshadow the almost certain re-election of Governor Johnson in November.

Eshleman has won the Republican nomination. It has amounted to a landslide, and it has proven beyond dispute that the old partisan spirit has disappeared and that the voters will ballot for candidates in November regardless of party. The registration cry of the standpat Republicans has been knocked into a cocked hat.

Regarding the significance of the Eshleman Republican vote the San Francisco Examiner, which has been quietly throwing its support to John D. Fredericks, said in its political columns the morning of election:

"As to lieutenant governor on the Republican ticket all the political wisecracks are at sea. There is great fear among the standpat Republicans

that Eshleman may win second place on their ballot."

Eshleman made no campaign for the Republican nomination. In a formal statement issued more than a week ago he announced that if the Republicans nominated him he would not support the other candidates on the Republican ticket, would not contribute one cent to the Republican campaign fund, and would not, of course, attend their convention.

In the face of this the Republican voters chose him, the one man who, next to Governor Johnson, is the leader of the Progressives, as their candidate for lieutenant governor, and the only conclusion the politicians can reach is that most of the Republican party favors the Johnson administration and will with the aid of thousands of Democrats of similar mind maintain it in power at the November polls.

Today three maritime powers surpass all others in the matter of naval gunnery—Great Britain, the United States, and Japan,—and, knowing the strenuous total abstinence regulations now in force by these nations, may we not assume that this superiority is due to the total abstinence encouraged or enforced?—Chicago Tribune, October 17, 1909.

JAPS IN WARFARE

Riverside Press: Down Santa Ana way they are staging a bit of vaudeville that Riversiders are missing. A Jap vegetable buyer, whose conduct, it is alleged, has not been all that it might have been, is suing the Japanese Daily News of Los Angeles for \$25,000 damages, which he demands for alleged libelous statement published concerning himself. The paper styled him "the peace disturber of Orange county." It also claimed that his conduct toward a white woman in that section of the country was such that "the white woman's family folks discuss proper steps to be taken in order to remove the nuisance." It is declared that family folks gave the Jap a severe beating, whereupon he claimed to have been maimed by an auto.

After hearing that the suit had been filed, the editor of the Japanese News published a statement in which he said, "We now suspend our article and will watch his conduct, and if he never shows repentance we will then launch another strong pen attack." All of which sounds like regular Hishimura Togo patter. Without going into the merits of the case, we venture to say that the case may pan out like the heated conversation of "Oscar and Adolf," the German characters of newspaper vaudeville fame. Oscar said: "What, would you insult me, Adolf?"

ROWELL TO SUPPORT FRANCIS J. HENEY

Chester H. Rowell, defeated candidate for the Progressive nomination for U. S. senator, writing in the California Outlook, congratulates Francis J. Heney and the Progressives as follows:

At this writing returns on the senatorial contest are too meager for intelligent analysis, but so far as they go they indicate the result which frankly I had anticipated before the election, so naturally I have no soreness over it now. The Progressive party is to be congratulated, not merely on the friendly campaign, which leaves no wounds to heal, but also on the decisive and unambiguous character of the result. Mr. Heney is to be congratulated on having won his nomination over an opponent instead of receiving it by default. He is thereby given double assurance of uniting the entire Progressive support. Even those whose first choice he was not, now know that he was the first choice of the majority of the party. It is well to have removed even speculative doubt on that score. The nominee will, of course, receive my hearty personal support not merely because it is the rule of the game but because he was from the beginning my second choice, as he has stated that I was his. It goes without saying that my friends and supporters will act in the same spirit.

CHESTER H. ROWELL.

MAP OF NATIONS NOW IN CONFLICT

Countries Are All Very Plainly Marked and Locations Can Be Found Quickly

The Register is making an offer that is of interest to every reader. An authentic map of the great European war country is printed in five colors and encased in covers, which include educational charts showing the strategic points in which all are interested.

The face of the map shows the whole of Europe and it has been prepared from the latest official sources. It was originally published in Edinburgh and made by the wax process, which is the most accurate and best process ever discovered for map-making. Full advantage has been taken of the authentic data available and every effort has been made to incorporate important information. It is a genuine work of art in which are brought out the details not found in folders and cheap Atlases. Portraits of all the great European rulers are shown and a wealth of data and information which will be of value to all. Among the features are valuable tables giving the distances between European cities, the strength of the aeroplane fleets, the army and navy strength, a chronicle of the nations involved, a brief account of the decisive battles of the last century in which European powers have taken part, coin values of European money in United States money, and other valuable information. These maps are being passed out at ten cents each, which barely covers the cost of promotion. Present your coupons without delay.

EAT WEEDS, THE CRY IF MEAT'S TOO HIGH

CHICAGO, Aug. 28.—If porterhouse steak at 45 cents a pound hurts your pocketbook, go out in the alley and eat a few weeds. Mrs. W. K. Jacques does it, and advises all others who are haunted by the H. C. of L. ghost to follow suit.

"There are ten weeds, all edible, that can be used for food," volunteered Mrs. Jacques when the protest against the "war measures" taken by the packers in the shops of advancing meat prices reached its height. "These are the dock, nettle, sorrel, purslane, milkweed, dandelion, pigweed, lamb's quarter, marsh marigold and brake fern."

"They all make excellent greens and they are very nourishing. The Chinese are so fond of parslane that they plant it in their gardens. At my farm near South Haven, Mich., I encourage all the weeds to grow. They are not only good to eat but they produce a most artistic effect. Improvement associations make a great mistake when they attack weeds just because they are weeds."

GARDEN GROVE NEWS BUDGET

GARDEN GROVE, Aug. 27.—Miss Hazel Swall took up her duties as superintendent of the Orange County Hospital on Monday morning, placing and arranging furniture and getting everything in readiness for the opening about Sept. 1.

Mr. and Mrs. Haffell of Los Angeles will be entertained at the home of Mr. and Mrs. S. Penfold on Sunday. Mrs. Haffell is a grand-niece of Mrs. Penfold.

G. W. Clark of Newhope was a visitor at the home of N. Carmichael on Thursday.

Mrs. Alfred Swall is visiting with relatives in Los Angeles this week.

Mr. Babb of Long Beach is having a new barn built on the old Sweet-Metcal place just east of town. Mrs. Sarah Matthews and Mr. and Mrs. Fernmantle and two children of Los Angeles who have been visiting with Mr. and Mrs. S. Penfold returned to their home on Tuesday afternoon.

Mr. Woodberry of Riverside visited with Mr. and Mrs. Wm. Russell last week.

Mrs. Sarah K. Bill and Miss Carrie M. Kimball were entertained at the home of Mrs. Albee in Tustin on Thursday of this week.

Mrs. J. U. Kerner who has been visiting with her daughters in Chicago and Waterloo, Iowa, for the past two months returned home on Wednesday. Mr. and Mrs. Bradford and Mrs. King of Los Angeles motored down to spend last Sunday with Mr. and Mrs. Geo. W. Barnes, returning home in the evening and taking with them Mrs. Mosier who has been visiting with Mrs. Barnes for the past two weeks.

Ed. Shields, who has been in the northern part of the state in the mountains for some time for his health, has returned to his home, Mrs. Shields, who is in Fresno, will return to her home in about six weeks.

Mrs. Saylor is staying with Mrs. G. W. Barnes, who is on the sick list this week.

Mr. Wm. Stuck's new house is progressing rapidly.

Mr. and Mrs. Will Swall and two children of Tulare will be entertained at the home of their uncle Chas. Swall on Saturday and Sunday of this week.

Miss Helen Jackson returned from a trip to Santa Anita above Sierra Madre on Tuesday of this week. Mr. Jackson will go there after Mrs. Jackson tomorrow, returning home Saturday.

The ladies of the Baptist church met for their regular monthly missionary meeting at the home of Mrs. Headstrum on Wednesday afternoon. The subject discussed was India. About twenty ladies were present. The next meeting will be held at the home of Mrs. Hidden and will be an all day meeting.

PARIS SERVICE FOR POPE SHOWS RECONCILIATION

PARIS, Aug. 27.—A service for the repose of the soul of Pope Pius was held yesterday in the Cathedral of Notre Dame. President Poincare was represented by Captain Farriers.

The fact that the president of the republic was present by proxy is regarded as an indication that all parties in France, including the factions which took part in the separation of church and state campaigns, have become reconciled during the present struggle.

There was a great gathering of notables in the church, including Signor Tittoni, the Italian Ambassador, and M. Iswolsky, Russian Ambassador.

Too Late to Classify

FOR SALE—\$3500 store building now leased for \$400 year only \$1500 cash down bona fide downright snap. A new 75 ft. front, 3-story room business building on one of principal corners here, on new paved concrete highway; stores leased three years each, higher rents each succeeding year. Address or see owner, Geo. W. Vansyckle, Laguna Beach, Calif.

FOR SALE OR EXCHANGE—Finest 50 acre alfalfa ranch in Perris Valley. Inquire of 227 South Orange St., Orange, Calif.

FOR SALE OR EXCHANGE—Very attractive residence, nearly new, close in, east front, fruit and flowers. Will consider an auto or Los Angeles realty. Address P. O. Box 195, Santa Ana.

WANTED—To buy a piano from family who wants to realize spot cash. Must be good tone, finish, and reasonably priced. No "junk" considered. Call or address Robt. C. Boyd, "Anchor Ranch," West Seventeenth and Berrydale, (across bridge).

Admiral von Tirpitz, German Naval Chief

One of the iron men of Germany who has had as much to do with bringing on the European war as any other, is Admiral von Tirpitz, secretary of the navy and chief of the admiralty. He has built up the German fleet under the direction of the Kaiser, and he has prepared for the moment that has come.

The fleet is now bottled in the Baltic, held there by the British fleet, which is so much stronger that a battle would be foolish. But the fleet is strong enough to hold the Russians from trying to attack German Baltic cities or to land a force. In fact, it is powerful enough to clear away obstructions and possibly later land a force which may try to march into St. Petersburg.

FOR SALE—Tomatoes, \$1.00 per 100 delivered in Santa Ana or Tustin. Harry W. Lewis. Both phones.

FOR SALE—Blue gum wood, \$7.00 for three tiers, \$8.50 delivered. Phone 2442, Orange.

PARCEL POST THE BEST EVER

"The parcel post is sure about the best thing that ever happened," declared the superintendent of a western mine, "says Dennis Stovall in the Engineering and Mining World as we watched the arrival of the 'mail train.' The 'mail train,' by the way, consisted of 12 pack ponies and mules, all loaded; or, as the boss expressed it, '12 mail cars and a smoker;' the 'smoker' being the mail carrier itself. 'Yes, the parcel post is a godsend to us,' the superintendent continued. 'It enables the people of districts like this an opportunity to get packages of merchandise books, groceries and articles of every kind delivered to the cabin door, where a long trip to the express office was formerly necessary. It also works a benefit to the mine management in that we can get parts for repairs much more quickly than we could before. In other days we had to have such things expressed and that brought them only within 40 miles of us. So it was necessary to have a special team at the depot, all of which took more time and money. Best of all, parcel post makes it more like civilization for the women folks. The hundred-and-one little things they need, and that can't be bought in the camp store they can now order by mail. It makes them happier, and when we have happier women in the mining camps, we have happier men."

While the boss told me this, the unloading of the 12 ponies was under way. The keeper of the camp store, who is likewise postmaster, now finds it necessary to employ a helper; and the two of them have

a big task when the mail comes in. We saw packages and articles of every sort delivered—hams, sides of bacon, sacks of prunes, baby go carts, trundle beds for children, sets of books, roses and other shrubs, bags of sugar, buckets of candy, a violin in its case, a saddle, and a great many other things whose identity was hidden by the wrapper, but which would add to the comfort and the happiness of the men and women, as well as the children at the mines. The unloading and the distribution of these was proof enough of the benefit of parcel post to the people of the isolated mining districts. These people, like the ranchers and the mountaineers, deserve such benefit. It has made a great change in the mail business, of course, and in several instances has resulted in the financial failure of those who undertook mail contracts without considering the development and growth of the new system.

Where the mail was carried in former years on the back of a single pack pony or mule, from 6 to 12 horses are now required. Light buckboards have been replaced by heavy stages and hacks. And in some districts 6-mule freight wagons are now required to move the great loads of mail from the railroad to the mining camps. Some of the mining district stores get in their supplies in this manner. Groceries, meats, clothing, and even a great amount of hardware for store stocks, are now ordered delivered by parcel post, as the government delivery rate is below the old-time freight wagon rates.

WANT TO AVOID MUTILATION OF TREES

Committee Named to Recom-
mend Policy Along Tustin
Avenues

**BOARD TO PARK
HOSPITAL GROUNDS**

Job of Keeping Down Noxious
Weeds on Roads is
Declined

The County Board of Forestry has declined to give the Southern California Edison Company a blanket permit for trimming trees along the roads of the county. At the forestry board's meeting a representative of the Edison company stated that the company desires to do no trimming along its high power lines in this county, so that the storms of the winter will not endanger the wires.

Members of the board stated that they would not give a blanket permit to anyone to trim trees along the roads, and the question was settled so far as the Edison company is concerned by passing the matter up to County Forester J. M. Grant. The Edison company must designate in writing where it proposes to trim trees, and it cannot commence the work until Grant gives his permission.

"Of course," said A. S. Bradford, president of the board, "we realize that electricity is essential to the welfare and progress of the county, and we do not want to work any hardship upon the Edison company, but we do not intend to take chances upon having roadside trees mutilated by employees of the telephone or electric companies." The Edison representative said the company desires to avoid mutilation of trees.

Roadside Policy

C. C. White of Tustin petitioned the board for permission to cut out a row of eucalyptus trees along his ranch on Newport road. He said that the trees are sapping the nearest rows of fruit trees, and that they are not so situated in relation to his grove to be of any benefit as a windbreak.

It was the consensus of opinion of the foresters that if the trees are taken out that the stumps be removed also.

A. E. Bennett of Tustin, member of the board from the Fifth district, and County Forester Grant were named as a committee with power to act upon White's petition. This committee is also to investigate a report made by Horticultural Commissioner Bishop that a row of pepper trees along the east side of Jasper Leck's place has been the source of much black scale spread to Sherman Stevens' orange orchard across the street. It was stated that the trees are on the county road, not upon Leck's property. Trimming will probably be advisable. However, as yet the Board of Forestry, which has been organized but a few weeks, has not started the operation of a tree-trimming department. Such a department will have to be provided with a good deal of money if all the tree trimming that could be done to advantage is done.

Bennett and Grant were named as a committee to go over the Tustin district and recommend a general policy to be followed in relation to tree planting and tree cutting in the Tustin district.

Beautify Grounds

T. E. Stephenson reported the action of the supervisors turning over to the Board of Forestry the making of plans and the carrying out of plans for beautifying the grounds around the county hospital. Willard Smith, member of the board from Orange, and Forester Grant were named as a committee to sketch plans for establishing a small park north of the hospital and the county farm buildings, and were given authority to have some of the preliminary work done.

A. S. Bradford and R. E. Larter of Wintersburg, with the county forester were to confer with Garden Grove residents who have asked to have varieties of trees selected for some of the streets about Garden Grove.

T. E. Stephenson and the forester were named as a committee to negotiate with Dabbs Bros. for the purchase of additional land and a glass house for the county nursery. Grant reported that there are now established at the county nursery, including those purchased and those propagated by him, fully 30,000 trees.

Weed Question

It was the consensus of opinion of the members of the Board of Forestry that the problem of keeping down noxious weeds on roadways lies entirely within the jurisdiction of the county horticultural commissioner and the road bosses and supervisors, that it is not a question properly coming under the direction of the Board of Forestry. At a previous meeting the foresters had been informed that it was the opinion of Deputy District Attorney Koepsel that the work should be transferred to the Board of Forestry. Evidently it is a job that the Board of Forestry does not want and thinks ought to be handled according to the method provided by the state law in an act separate from the Board of Forestry act.

County Forester Grant reported that he had been invited to read a paper before the semi-annual meeting of a convention of horticultural commissioners and foresters at Riverside on September 10. He was given permission to attend the meeting, and it is probable that two or three members of the forestry board of this county will also attend the convention.

Facts About California

(From the Los Angeles Financial News.)

The Butte county rice exposition will open at Gridley, September 3. It will be the first one ever held north of Mason & Dixon's line. The exposition will embrace seven acres. Rice is to be shown in its every stage from the time that it is planted until it is harvested, reaped, milled and manufactured into foodstuffs and into powder for milady's face.

Two jars, each containing twenty-five pounds of pure comb honey, have been prepared by Joseph Moffatt, of Los Angeles, for exhibition at the 1915 California expositions. One will be sent to San Francisco and the other to San Diego. The jars were filled by a swarm of honey makers on his bee ranch in the San Fernando mountains.

California Association Raisin company of Reedley is now stemming the hold over crop of raisins, 1500 tons, still in the big warehouses there. It will require several weeks to care for them. An advance in the price of London Layers of 15 cents per box has been made.

Malden Blush apples measuring 13 inches in circumference are grown in the Forgy apple orchard at Santa Ana. From a six acre orchard of six year old trees there will be harvested this year 12 tons of apples.

The 70,000,000 gallon reservoir of the Happy Valley Land and Water company has just been completed. This is the largest reservoir in Shasta county; it is for storage purposes only.

Moving pictures of the scenes within the great cannery of the Kings County Packing company at Armona have been taken for the San Joaquin Valley Counties association.

The Anaheim Sugar company will utilize the product of 8000 acres of sugar beets this season, 100,000 tons, from which 20,000,000 pounds of sugar will be manufactured.

A watermelon weighing 58 pounds, believed to be the largest ever grown in Kern county is on exhibition in the rooms of the Bakersfield Board of Trade.

An effort is being made by the management of the Sugar Beet factory at Visalia to induce the farmers in the region above Dinuba to plant sugar beets.

Included in the first consignment of freight from Southern California to go through the Panama Canal is 140 tons of walnuts from the Goleta Groves near Santa Barbara.

In the Nile Orange Grove near Grass Valley ripe oranges are now being gathered, an almost unheard of circumstance for midsummer in that section.

Three hundred persons are employed in the Hemet Cannery, who will care for 1500 tons of peaches, 500 tons of apricots have been canned.

North Whittier is now harvesting black eye beans from 500 acres. The crop is splendid, the yield heavy and quality exceptional.

The San Joaquin Valley Date association has elected the following officers: M. K. Harris, president; S. L. Strother, vice president; Henry Hawson, secretary; W. R. Nutting, manager.

T. C. Mayhew has been appointed farm advisor for Madera county. He comes from the State Agricultural Farm.

Seventy acres of lemons have been set out on the big ranch of the Murphy Oil company in East Whittier.

Tulare county has 1,000 acres planted to lemons. The first car load of the new crop was shipped this week.

Harvesting of the grape crop in the dry wine district of Sonoma county will commence Sept. 15.

Nine car loads of apricots have been shipped from the Mays Cannery in Ventura.

Three crops of grapes will be harvested from California vineyards this year.

In the Arbuckle district the almond harvest is now on.

Hop crop in the Russian river section of Sonoma county is light this year.

Eight hundred acres have been planted to celery in Orange county this year.

General Information

What is said to have been the largest log ever cut in the mountains above Tuolumne was brought down to Sonora this week. The tree was a giant sugar pine, measuring 9 1/2 feet in diameter at the butt. It contained close to 37,000 feet of lumber, was brought down from Camp 24 of the West Side Lumber company, and it was necessary to cut the giant into seven different logs to handle it. Old timers say it is the largest pine tree ever cut in that section of the State.

"The mineral possibilities of Fresno county are legion and some of them exceedingly rich," states Walter H. Bradley of the State Mining bureau, "but they lack development. In some cases, as in the one of a copper prospect far back in the hills that grades exceptionally fine, the lack of transportation is something that can hardly be overcome.

Fresno county has a total of \$222,500 loaned on 2 per cent call loan and \$150,000 invested in State highway bonds at 4 per cent.

In the fifty-eight counties in California 1,099,440 voters have registered, an increase of 168,550 over the last official total compiled July 6, 1914. Of the total number registered Los Angeles county leads all others with a registration of 269,276 or one-fourth of the total in the State. In the eight counties of Southern California is registered 36 per cent of the voters of the State.

Sacramento has placed a ban on stirring moving pictures of war that might incite racial trouble. City Commissioner Carragher has notified moving picture houses not to display such pictures. Commissioner Shaw issued an order against the playing of national airs in theaters or other public places.

Thirteen years ago the valuation of the Imperial Valley was nil, seven years ago Imperial county was organized. The assessment roll of the county for the year 1914-15 totals \$25,739,973, a splendid showing. The crop of the Valley this year is valued at \$25,000,000.

Perhaps the oldest man in the United States, if not the oldest in North America, Captain Goddard E. D. Diamond, aged 118 years, died at the Crocker Old Peoples Home in San Francisco this week.

John Dostal of Redlands owns a Bible printed in 1570. It has been in the family for several generations and is the second oldest Bible in America, the oldest being in a library in Washington.

Thirty-seven out of the sixty-nine school districts in Riverside county have asked permission to impose a special tax upon themselves for school purposes.

The assessed valuation of Merced county this year totals \$25,521,863, as compared with \$25,387,198 last year, an increase of \$134,665.

Porterville is planning on the installation of a municipal gas plant and to that end is securing figures as to cost.

The total assessment of Santa Monica totals \$15,805,365. The second ward is the richest with a valuation of \$4,146,620.

Appropriations for improvements on the Santa Fe lines in Southern California during the past month total \$300,000.

The Van Ness Avenue and Chestnut Street municipal railway in San Francisco was formally opened Saturday.

Assessment roll of Anaheim for 1914-15 amounts to \$2,049,355, an increase of \$445,590 over last year. Automobiles in California now total 110,495; motor cycles 23,181.

FORMER SANTA ANAN IS DEAD RESULT BURNS

Mrs. Frank Baker Passed Away of Injuries Received When House Burned

Prof. and Mrs. G. H. Hadley of Long Beach, formerly of this city, who have been visiting Mrs. Hadley's parents, Mr. and Mrs. G. N. Baker, at 2007 Bush street, early this morning received the sad news that Mrs. Hadley's sister-in-law, Mrs. J. E. Baker, of Burrell, Fresno county, was burned to death yesterday. Prof. Hadley and Mrs. Hadley's mother left immediately for Fresno, catching a 5:30 train this morning for Los Angeles. No details have been received of the tragedy further than that Mrs. Baker was fatally burned in a fire that destroyed the ranch home of the Bakers early yesterday morning. She was taken to a sanitarium in Fresno, where she lived until 2 o'clock this morning, at which time her death took place. Two children, one aged 7 years and the other, a baby of a little over a year old, are believed to have escaped injury in the fire, as no reference is made to them in the telegrams received from Mr. Baker.

The Bakers formerly lived here, Mr. Baker at the time conducting a store on Ross street, Santa Ana. They went north some time ago and successfully engaged in ranching and poultry raising. Their prospects were exceedingly good, and the sorrow over the sad and sudden death of Mrs. Baker is more keen from the fact that her patient and faithful efforts in aiding her husband to establish a home and future prosperity were just beginning to reap their reward.

SPECIAL EXCURSION TO El Segundo

"The Standard Oil Pay Roll City"

Sunday, Aug. 30

Round trip 75c, including substantial lunch. Special car all the way.

AT THE COURT HOUSE

NOT GUILTY IS
FRANK KENT'S
PLEA

Garden Grove Rancher Comes
Up September 4 to Have
Trial Set

This morning with Attorney H. C. Head, Frank C. Kent of Garden Grove was before Judge West to answer to an information charging him with the murder of I. O. Wilson, who was struck over the head with a garden rake. Kent's attorney demurred to the complaint, and moved that the information be dismissed. The demurrer was overruled and the motion denied. The ground of the motion was that there was error in the order of the magistrate holding Kent for trial in the Superior Court.

Kent is out on bail furnished by friends at Garden Grove. Judge West set September 4 at 11 o'clock as the time for deciding upon a date for Kent's trial.

For Guardianship

MOST IMPORTANT NAVAL POINTS IN EUROPEAN WAR

The German fleet is now in the Baltic Sea, as is the Russian. What damage has been done to the Russian fleet is not known, for the Russians are no more anxious to let out news than are the Germans.

But outside in the North Sea the British fleet is waiting for the Germans. Once they look around the Danish peninsula there will be a great battle.

However, the theory has been advanced that the Germans do not want to get outside. It is their purpose, the belief is, that they will remain within the Baltic, demolishing the Russian fleet in order to land troops near St. Petersburg. Thus it may become necessary for the British to enter and that would be a very dangerous proceeding. They might find the whole harbor mined.

FORM NEW TENT

Placencia Courier: J. G. Keil, organizer of the Knights of the Maccabees, expects to organize a tent in Placencia Tuesday evening, September 1. He had over thirty applications on Monday and expects at least forty. Tuesday will be the regular meeting night. A hive of the Ladies of the Maccabees will probably be organized also a little later.

SURPRISE PARTY
A HUGE SUCCESS

(By Staff Correspondent)
ORANGE, Aug. 28.—A surprise party was given last evening in honor of Helen Lucy who was celebrating her fourteenth birthday. The affair took place at the Horace Lucy home on North Glassell street and was enjoyed by a good sized gathering of her girl friends.

Miss Lucy received a shower of fourteen handkerchiefs as birthday gifts from her guests. A very fine time was spent with games and various pastimes and later delicious refreshments of ice cream and cake were served.

The following were present: Helen Lucy, May Manatt, Fay Manatt, Velma Manatt, Bessie Hardin, Beatrice Spencer, Vilma Benson, Cecil Coltrane, Lois Grout, Barcus Patton, Rosie Richardson, Mandolin Keller, Fern Wright, Mabel Lucy.

M. M. Fishback and party returned this morning from a motor trip to San Diego. They went down over the coast route and returned by the inland road.

Mrs. A. B. Lane of North Glassell street was hostess yesterday afternoon to the Home Missionary Society of the M. E. church. Mrs. W. E. Gorton of Villa Park was the leader of the meeting. Music was furnished by Miss Gladys Gorton and Miss Ruth Benson, while others who took part in the program were Mrs. C. L. Benson, Mrs. O. U. Hull, Mrs. U. W. Roberts and Mrs. F. M. Gulick. A most interesting program was followed by refreshments of tea and lady fingers.

Mrs. W. S. Dearing entertained a few guests informally last evening at her home on South Glassell street. The evening was pleasantly spent with music and games. Refreshments were served. The guests were Mrs. A. L. Hart and daughter and Miss Boyd of Los Angeles, Mrs. John F. Lee and daughter Eugenia, and Mrs. H. J. Le Beuf of Orange.

Mr. and Mrs. Guy Smith and Miss Berkenstock of Placencia made a short visit at the A. M. Smith home on East Chapman avenue yesterday on their way home from Idylwild. They brought their local relatives a fine sample of some venison which they bagged while in the mountains.

Miss Ethel Ensign left today for Modjeska's where she will remain for a week.

Mrs. Alfred Higgins visited today in Highland Park with her mother. Marquita Salvesson of Brea arrived here last evening to visit over Sunday with her cousin Janet Elijah.

Mr. and Mrs. Burleigh Keiser of Los Angeles are making a short visit with relatives here.

Miss Margaret Palmer went to Placencia last evening to spend a few days with Mrs. Guy Smith.

Mr. and Mrs. E. E. Carricker and family, Mr. and Mrs. J. W. Carricker and Mrs. Donaldson returned from Newport Beach yesterday, where they have been spending the last week.

Mrs. E. Miller and daughter Melba spent yesterday with friends in Anaheim.

Mr. and Mrs. Fred Pope, Mrs. E. J. Rankin and Miss Sue Rankin spent yesterday at Newport Beach.

Albert McMullen of Garden Grove is spending a few days with George Slater on North Tustin street.

Mrs. Annie Salmon of Los Angeles is spending several days with her sister, Mrs. A. B. Lane and family, on North Glassell street.

Mrs. Joseph Cornwell has returned to her home in Riverside after a week's visit at the J. C. Winslow home on South Jameson street.

Miss Flora Palmer left today for a visit of several days in San Bernardino.

Mr. and Mrs. M. O. Ainsworth and daughter Nelle reached home this morning after an extended visit in the middle west and in Oregon.

Mr. and Mrs. John Bunke, Fred and Leo Bunke left this morning for an automobile trip to Oxnard and Ventura where they will spend a week.

Ralph Woods visited at Newport Beach from yesterday until today.

Mr. and Mrs. W. A. Conklin of Galt spent yesterday here with Mr. and Mrs. F. E. Masters while on their way to Chicago. Mr. Conklin and Mr.

ARE TO THRESH
LIMA BEANS
FOR 27.5

Growers and Threshers Reach
Compromise—Crop Report—
ed Heaviest

Lima beans are to be threshed for twenty-seven and a half cents per 100 pounds.

This decision was reached at a meeting of threshers and bean growers yesterday. Everybody shook hands on the compromise, and the threshers are now busy getting their outfits ready for commencing on the limas in about two weeks from this date.

The figure is a compromise. Up to last year the price paid for threshing was twenty-five cents per 100 pounds, with a short crop last year, the price was raised to thirty cents. Two weeks ago when the threshers began seeking contracts they asked thirty cents. The growers refused to pay that price, and steps were taken by the growers to bring in a Ventura thresher. Some of the growers talked of combining for the purchase of a threshing machine for their own use.

At the meeting yesterday a compromise was proposed, and it proved acceptable all around.

The growers who were present at the meeting all reported that from their cuttings they were satisfied that the yield was going to be even heavier than they had estimated before the cutters began their work. Before the cutting commenced it was freely predicted that the crop was the heaviest in the history of the county. There is every reason to believe that prices will keep up, and that this will be the best money-making year in the history of bean growing in this county.

HOSPITAL OPEN TO
VISITORS MONDAY

Orange county's new county hospital on the county farm at West Orange will be open for inspection by the public from 12 noon until 4 o'clock p. m. next Monday. County Physician Wehrly stated today that the hospital will begin receiving patients on Tuesday, September 1. Miss Swall, the matron, is now in charge of the institution.

Masters were former partners in the grocery business in Galt.

Mr. and Mrs. H. B. Slater, Edna and George Slater and Albert McMullen spent yesterday at Newport.

The Keystone baseball club of Los Angeles is scheduled to play the Orange team Saturday on the local grounds. The following line-ups have been announced: Keystone—O'Connor, c; Phelps, p; Fox, 1b; Murphy, 2b; Peroni, ss; B. Lee, 3b; Coffey, lf; Defty, cf; Stewart, rf; Lange, sub. Orange—Callan, c; Lush, p; Pine, 1b; R. Mitchell, 2b; Ragan, ss; Porter, 3b; W. Mitchell, lf; Watson, cf; Schlueter, rf; Potter, sub.

Vudor porch shades, give privacy, keep out the glare, but do not exclude the air. We are selling them at special prices. Horton-Spurgeon Furniture Company.

Women's New Fall Coats

Daily arrivals of the past several days have added notably to the advantages for selection offered in our display.

—fashion's first notions have come to full maturity in these charming new models.

—you will find in these late arrivals so many styles whose silent features are entirely new—not modifications borrowed from last season.

—customers who are looking for the handsome new materials will find here weaves and colorings that contribute in no small measure to the individuality of the models.

New Coats \$10, \$12, \$15 and up.

We invite your inspection.

CAR CATCHES HUB
OF A BUGGY WHEEL

The hub of the left back wheel of a buggy in which Louis McDonnald was driving was caught by a Pacific Electric car, causing McDonnald to be thrown out of the vehicle and to be caught between the body of the buggy and the right front wheel yesterday afternoon at about 3:30 o'clock. Aside from several minor bruises the man was unhurt. The mishap occurred on Fourth between Bush and Spurgeon streets. The buggy and the electric car were both going west. The motor man brought his car to a stop immediately after the car struck the buggy. Bystanders came to McDonnald's assistance. The horse's harness was broken in several places.

NOTICE TO CARPENTERS
There will be a meeting of carpenters tonight at 8 o'clock at the hall in the third story of the First National Bank building. All carpenters are urged to be present.

DRY FEDERATION
PICNIC LABOR DAY

The Labor Day picnic of the Orange County Dry Federation at the Orange County Park will evidently be a success, if one is to judge by the preparations being made.

The Santa Ana Band of its twenty or more pieces giving its concerts there during the day will alone be an attraction that will make a merry day at the Park.

The refreshment stand of ice cream, coffee and sandwiches will be most acceptable to quiet the longings of the inner boy. There will be auto truck stages running from the business center of several towns of the county.

**BOMB DROPPING
METHOD USED BY
ZEPPELIN CRAFT**

LONDON, Aug. 28.—The method used by Zeppelin airships in dropping bombs has been described as follows by an English refugee, who has just arrived here from Belgium:

"The dirigible hovers over its objective at a sufficient altitude to keep it out of range of the enemy's guns. At the same time it lowers a steel cage attached to a steel wire rope 2000 or 3000 feet long. This cage is divided into compartments and it carries one man, whose duty it is to throw down the bombs. The cage is sufficiently strong to make rifle fire against it ineffective and because of its small size, and the fact that it is kept constantly in motion, it is very difficult for heavy guns to hit it."

Refugees from the scene of the fighting around Mons report that air-men took a prominent part in directing the German artillery, says the Times correspondent in Paris. Aeroplanes hovered over the British position and their pilots signaled the German batteries by means of a disc swung at the end of a line.

This Photograph Was Taken on the Field of Action Near Liege. It Shows a Company of Belgians After a Battle With German Troops

Diego and the beach. He will return the first of next week.

Miss Helen Grimes of Los Angeles was a guest of Miss Clara Thorman from last Friday until Tuesday.

Mr. and Mrs. W. G. Mitchell and family, Mrs. J. O. Preble and Mrs. J. A. Probst composed an automobile party spending the day at Newport Beach, Wednesday.

Miss Louise Long had a pleasurable trip with friends to Sierra Madre by automobile this week.

William Wollenberg has just returned to Los Angeles after a ten-day vacation with his mother in Tustin.

Mr. and Mrs. A. Neistram and daughter, Miss Dorothy Neistram, of Beverly Hills, are visiting Mr. and Mrs. Frank Stearns and family.

Mr. and Mrs. Frank Stearns and family have returned from a two-weeks' stay at Newport Beach.

F. B. Hawkins is improving steadily since his return from the Santa Ana Hospital after suffering a serious operation several weeks ago.

Mr. and Mrs. Edmond Wollenberg spent a day of combined business and pleasure in Los Angeles, Wednesday.

Miss Mary Adair of Los Angeles is a guest of Mr. and Mrs. Hollis Lindsey, returning home with her niece, Miss Dorothy Lindsey, who spent a delightful vacation in Los Angeles.

**GRAECIA SLIPPED OUT:
U. S. REFUGEES SLIP IN**

NEW YORK, Aug. 28.—The Hamburg-American line steamer Graecia, one of the big fleet of German vessels held inactive here because of the war, cleared today for Cadiz, Spain.

The Baltic also got away with 250 passengers and a cargo, chiefly of foodstuffs.

The Holland-American freight steamer Noorddyck arrived at this port today from Rotterdam with twelve refugees aboard. They were down on the ship's papers as members of the crew, as the steamer had no license to carry passengers.

**U. S. GOLD GOING TO
TURKEY FOR AMERICANS**

WASHINGTON, Aug. 28.—The United States has informed the powers of Europe of its intention to send the armored cruiser North Carolina to Turkey to carry gold for the relief of Americans.

TO CONSIDER JONES BILL
WASHINGTON, Aug. 28.—The House Rules Committee yesterday agreed on special consideration of the Jones bill to grant a more autonomous government to the Filipinos. It will not be presented in the House, however, for several weeks. Another effort to bring up woman suffrage and nationwide prohibition, failed.

**GRAY HAIR BECOMES
DARK, THICK, GLOSSY**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

Tustin Budget

Edited by Miss
Florence Stone

**DRY FEDERATION
MEETING SUCCESS**

Seating Capacity of Church
Taxed to Hold Audience
in Attendance

The regular meeting of the Tustin Dry Federation was held at the Presbyterian church Monday night of this week, instead of Tuesday, which was election day.

The promise of an interesting program brought out a large audience. In fact, seating capacity of the church was not adequate and for a good many these was standing room only.

The meeting opened with enthusiastic singing from the campaign book and afterward a short business session. A most interesting item of business was the report of the committee on house canvass, which was given by Ross Shafer, the secretary, as follows:

From cards signed and turned in by those making the canvass there were 278 dry and 35 wet.

Business was then dispensed with and the following program was given:

Solo, by Maurice Phillips of the Congregational church in Santa Ana, accompanied by Miss Margaret Tingley, "The Lord is My Light;" violin solo by Miss Dorothy Utt, accompanied by Miss Gertrude Utt; recitation, by Mrs. Morgan; piano solo, by Miss Gertrude Utt.

About seventeen members of the Dry Federation had prepared a dialogue entitled, "Licensed Saloons or the Washub, Which?"

This illustration of the sufferings of women from saloons is a true picture of what is happening in many homes all the time.

In closing the program Mr. Phillips sang "The Holy City."

Those who took part in the program felt gratified and repaid for their efforts in the appreciation of the audience.

SOCIETY AND CLUBS

The New Spanish School

At the meeting of the Presbyterian Missionary Society last Thursday afternoon, it was announced that the new Spanish school building in Los Angeles had been finished and the ladies were invited to go and see it.

It was accordingly decided that as many as possible should arrange a trip to visit the new building in which the Tustin society is to furnish a room. Wednesday of this week was the date chosen for the visit and Mr. and Mrs. W. L. Leiby in their large automobile took the party which, besides themselves, was composed of Mrs. G. W. Pollard, Mrs. J. W. McCullough, Mrs. S. E. Tingley, Mrs. C. P. Marshall and Mrs. John Dryer. The furnishings for the Tustin room were distributed in parcels and were taken along. Rugs, bed linen, towels, pillows, comforts, blankets, etc., all being of the best material and many of them hand-worked. The furniture will also be contributed, but will be purchased all alike for the whole building.

The new school is a large three-story building on North Evergreen avenue. This school for Spanish children is under the supervision of the Los Angeles Presbytery.

A good many ladies in the Tustin church have taken great interest in furnishing the room and the party fully enjoyed taking the articles with them on this trip to see it. They visited the school in the morning, took dinner together and a stroll through the shops, then started on the homeward trip about four o'clock.

It is hoped that many of the ladies in the church, and especially those of the missionary society, will be able to attend the dedication services, the

date of which will be announced later.

W. C. T. U. Meeting
A meeting of the Tustin W. C. T. U. was held at the home of Mrs. C. F. Smith on Laguna avenue Thursday afternoon.

This home is certainly beautiful for location, just hidden as it is around a curve in the approach amid so many beautiful flowers and peeping through the waving branches of an immense pepper tree guarded by a sentinel palm and the whole bordered in front with blooming oleanders. Lovely pink amaryllis, pink roses and Marguerites adorned the interior. The meeting was opened with singing and the devotional exercises were led by Mrs. Harry Lewis and the scripture readings were bearing upon the topics.

The president being absent the vice president, Mrs. E. J. Cranston took the lead.

The minutes of the last meeting were read and the roll call was responded to with scripture quotations after which the pledge was repeated in concert.

The topic for the afternoon was, "How to Study Children." This was a mothers' meeting in charge of Mrs. L. A. Cock and Mrs. William Jones. Mrs. Cock was absent on account of the illness of her son and Mrs. Jones very successfully handled the topic alone, the different ladies helping in the readings. Between the readings two beautiful piano pieces were played by Miss Preble Drake. There was a recitation by Mrs. Morgan entitled, "College Oil Cans" and two lovely musical numbers on the program.

One of the leaders on the topic was unable to be present on account of the illness of her son, but she sent a very striking picture of a boy whose mother had sent him out to hoe some distance from the house, but in view of the porch near a river. In the picture the mother was standing with eyes shaded by her hand looking to see how he progressed. She saw in full view a dummy made of the boy's clothes stuffed with straw with a hoe in its hands and the boy's head just above the water where he was taking a delightful swim. Mrs. Cock had attached a paper to the picture requesting each lady at the meeting to write down what she would do in that case. The answers are to be read at the next meeting.

The meeting adjourned to meet at the home of Mrs. Harry Lewis next time.

Visited Cumcock Hall

Mrs. M. E. Phillips has just returned from a three week's stay at Cumcock Hall in Los Angeles, where she spent a vacation from home duties with her daughter, Miss Ethel Phillips, who has been office manager and assistant to the dean in the Cumcock School of Expression this summer.

The summer sessions were in progress and Mrs. Phillips found many things to interest, entertain and instruct in the beautiful grounds, the work going on in the building and the splendid library.

Margaret Blew's Birthday

There was a lovely little tea given in honor of little Margaret Blew's birthday at her home on Thursday evening to which several of her friends were invited.

The table was decorated with kewpies and pink roses. There was a birthday cake with candles and plenty of good things to eat.

Margaret was the recipient of some very pretty remembrances.

The Coreopsis Club

The members of the Coreopsis Club held their regular meeting Wednesday afternoon with Mrs. William Collar, at her home on San Juan street. Lovely purple, pink and white asters were the notably pretty decorations used. The afternoon was spent pleasantly with embroidery work and social chat. A three-course luncheon was served of sandwiches, cheese, tea, apple pie and delicious watermelons and casabas.

The members attending were Mesdames Ann Schwartz, Ed Smith, Ida King, Joan King, Charles Lambert,

**TUSTIN WOMEN IN
STUDY OF BALLOT**

Prepared Themselves to Vote
Intelligently at the Late
Primary Election

Last Friday afternoon a special meeting of the Tustin W. C. T. U. was called by the president, Mrs. Sarah Brown, to be held at her home for the purpose of looking over the sample ballots for the primary election held Tuesday last. The ladies realized the fact that in order to vote intelligently they must get information on whom to vote for and how to mark their tickets correctly and quickly. The Orange County W. C. T. U. had made special efforts to create interest along that line and gave information to the local unions on the matter.

There were about fifteen White Ribboners present at the meeting of last Friday, and Mrs. Brown's spacious sitting room was the scene of lively interest. The ladies thoroughly enjoyed the study of the ballots, as well as the later social part of the afternoon and the hospitality of the hostesses.

Delicious fruitade and cake were served after the conclusion of the study period. The ladies present were Mesdames Ella Brown, S. E. Tingley, W. L. Leiby, M. Paige, R. E. Shannon, H. Lindsey, C. E. Hatch, Effie Crawford, C. F. Smith, P. H. Ebel, Custer, Fuell, Mitchell and Miss F. Stone.

Savilla Hart, Guests of the club were Mrs. Forest Collar, Mrs. Elizabeth Mayer, Mrs. Ruth Hassler.

At Huntington Beach

A goodly number of the members of the Advent Christian church have gone to the camp meeting now being held at Huntington Beach. Mr. and Mrs. W. L. Shatto, Mr. and Mrs. W. D. Bowman, Mrs. and Mrs. C. E. Hatch, Rev. and Mrs. R. B. Shannon, Miss Jessie Rawlings, are among the number.

A Pleasant Party

A party of visitors made a pleasant day for Mrs. P. Wollenberg and daughter, Miss Lena, last Sunday. They were Misses Emma and Mada Hosch and Ida Hurst of Watts; Mr. and Mrs. Louis Wollenberg of Los Angeles.

The young ladies were schoolmates not many years ago in Beecher, Ill.

The parties were entertained at dinner and were joined in the afternoon by Mr. and Mrs. Edmond Wollenberg and Mr. and Mrs. Henry Clappals of Long Beach.

Shower for Miss Blackmore

A miscellaneous shower for Miss Mary Blackmore, who is a September bride-to-be, was given at the home of her mother, Mrs. Charles Blackmore, on Thursday afternoon.

After the first greetings, many mysterious bundles were scattered all around Miss Mary and all the friends present had the pleasure of seeing her open them. There were useful and beautiful gifts and they were highly appreciated by the recipient.

Fruitade, sandwiches, cake and candy were served later in the afternoon.

The following friends were present at this delightful gift shower for the bride-to-be: Misses Verda Blackmore, Jessie and Carrie Matthews, Mesdames Fenlon Matthews, U. C. Holderman, Grant Holderman, W. Cooker, Robert Keins, Cal Graves, Roy I. Smith, Harry Kiser and Andrews; Mrs. Will Holt of Orange; Mrs. J. W. Heath and Mr. and Mrs. Woodruff of Santa Ana.

—Don't forget the new Millinery store, where you can get the most up-to-date styles at lowest prices. Mode Millinery, 415 N. Main street.

EDITORIAL

VALUE OF WILD BIRDS

Prof. W. T. Hornaday, director of the New York Zoological Park, gives reasons why our birds should not be slaughtered. He says immense numbers of birds of great economic value are nearing extermination and that the destruction of these birds means:

"A great increase in the armies of destructive insects; a great decrease in our agricultural products, and a great loss to consumers and to farmers."

A study made by the United States Department of Agriculture in 1904 showed the frightful ravages of destructive insects. The American people do not realize the immense value of our song birds, swallows, woodpeckers, blackbirds, quail and nighthawks in destroying countless millions of noxious insects.

Mr. Hornaday's estimate is that "the codlin moth costs us about \$8, 250,000 a year for spraying operations and \$12,000,000 a year in shrinkage of value in the apple crop."

"The chinch bug wheat pest sometimes costs \$20,000,000 a year."

"The cotton boll weevil costs \$20, 000,000 a year."

"The tree insect pests cost the nation \$100,000,000 a year."

"There are thirty species of shore birds that feed upon noxious insects and if protected would be of immense value to agriculture all over the country."

From a purely economic point of view, the slaughter of the birds should be prohibited.

Men who think themselves tender of heart and of fine sensibilities engage in this "slaughter of the innocent," sometimes not even for the purpose of food or getting money for the plumage, but just because of the keen pleasure there is in hitting the mark.

CHURCH NOTICES

There will be no services at the Advent Christian church next Sunday. Everyone is expected to go to the camp meeting at Huntington Beach.

The little dialogue which was given at the Dry Federation meeting last Monday night will be repeated at the camp meeting on Friday evening in the auditorium.

The regular services will be held in the Presbyterian church next Sunday. Sunday school, 9:45; morning service, 11 o'clock, led by the pastor; Christian Endeavor, 6:30; evening service, 7:30.

Before Her Leave-Taking

An enjoyable social afternoon affair was that given by Mrs. Charles Bowman last Friday at her pretty ranch home in anticipation of Mrs. Lou Allen's departure for the East. The decorations used were roses and ferns.

It was known that Mrs. Allen was planning to take her two dainty little girls with her, so part of the afternoon was spent by the friends present in assisting in the finishing touches on their apparel.

Each friend gave Mrs. Allen a letter which had been written to be read on the trip.

Delicious refreshments were served. Besides the hostess and honoree the guests were Mesdames H. Roy Smith, Good Adams, Dan Adams, Will Adams, Fay Marple, Roy I. Smith, John Kiser, W. D. Bowman, Byron Johnson and Miss Clara Macomber.

Mrs. Allen left Tuesday afternoon of this week for Logansport, Ind.

TUSTIN PERSONALS

Bayard Blackmore of San Jacinto was a guest of his sister, Mrs. Roy I. Smith, this week.

Among the new houses now being erected that of L. B. Chumel on Holt avenue will be quite an addition to that neighborhood.

Mr. and Mrs. H. M. Newell spent several days with friends here last week. They were former residents of Tustin.

Max Long was a guest of N. S. Long and family this week.

Mr. and Mrs. Thos. Rawlings motored to Los Angeles on Monday of this week, returning home on Wednesday.

Charles Cotant, cashier of the Tustin Bank, is away this week on a vacation. He will visit Los Angeles, San

Died—At the home of her daughter Mrs. James McFadden, August 25, Mrs. Jacob Walton, aged 74. The funeral will be held at Huntington Beach Sunday, August 30. Interment in Huntington Beach cemetery.

MODERN PRISCILLAS PLEASANT AFFAIR

(By Staff Correspondent)

ORANGE, Aug. 27.—The Modern Priscillas spent a pleasant afternoon yesterday as the guests of Mrs. Joe Handy. Ten members and four visitors were present to enjoy the affair.

The home was attractively decorated in a color scheme of pink and white, pink roses and Shasta daisies being used. The same color scheme was carried out in the refreshments which were pink and white brick ice cream and cake.

The next meeting of the club will be held on Thursday of next week when the club is invited to the home of Mrs. J. H. Gunnitt in Anaheim.

The following visitors were entertained yesterday: Mrs. Claude Wheeler, Mrs. J. H. Gunnitt of Anaheim, Miss Bonnie Wilkinson of Newport, and Miss Ola Miller of Huntington Beach.

Miss Bonnie Wilkinson of Newport Beach is a guest for a few days of Mrs. Joe Handy in Villa Park.

Miss Ola Miller of Huntington Beach is making a short visit with Mrs. John Gillogly of Villa Park. Mr. and Mrs. J. C. Moore who have been spending several months in Orange and vicinity while Mr. Moore was engaged in organizing work with the Yeomen lodge in this county, have gone to Seattle where he will take charge of that territory as organizer. Carl Anderson, who has been assisting Mr. Moore here has gone to San Francisco as a deputy for San Francisco city and county. Sylvester Ford of Anaheim has been appointed county manager for the Yeomen of this county.

Invitations have been issued for the wedding of Miss Mae E. Ainsworth, daughter of Mr. and Mrs. F. L. Ainsworth, to Mr. Archie D. Burkett, son of Mr. and Mrs. R. C. Burkett. The event is set for Thursday evening, September 10th at the Ainsworth residence on East Chapman avenue.

The Orange baseball team has a game scheduled on the local grounds next Saturday with the Keystone club of Los Angeles.

Dr. and Mrs. Geo. Cornell of Sierra Madre are spending a few days at the Weibrecht home on North Shaffer street.

Donald Love returned to his home in Los Angeles yesterday afternoon after spending two months at the Adams home on East Chapman avenue.

Mr. and Mrs. G. Logan Jackson left this morning for San Juan Hot Springs to spend a ten day or two weeks vacation.

Mrs. J. S. Zuckerman and children with her guests from Los Angeles spent yesterday at Balboa.

Mrs. D. C. Pixley is spending today with Mrs. J. P. Boring at Huntington Beach.

A. B. Jacobson and D. Klander left yesterday for a short stay at Elsinore.

Mrs. Frank Hardesty of Downey is spending a week with relatives in Orange and West Orange.

A baby girl was born last night to Mr. and Mrs. Herman Kolberg of West Collins avenue.

Mr. and Mrs. J. S. Urschel have gone to Escondido to visit relatives for some time.

The Can Club will hold its regular meeting this evening at the First Baptist church. Miss Mabel Nickel of Santa Ana will be the leader.

Jesse Crawshaw who was accidentally shot in the leg with a revolver several months ago, was able to be on the street yesterday for the first time since the accident. He was taken out in a wheel-chair for a short airing.

Herbert Bierwaggon who has been in the Anaheim sanitarium since an operation for appendicitis several weeks ago was brought home yesterday.

Mr. and Mrs. W. H. Bubach of Pasadena are here to look after the

BRITISH SOLDIERS GUARD LIVERPOOL WATERWORKS

The guard of soldiers at the Liverpool waterworks after Great Britain went into war with Germany, and the like guard at every public utility institution, shows the care taken by the cabinet. Thousands of Germans and Austrians and other foreigners, who it was feared might tamper with such institutions, have been arrested and are being deported. Every place where damage might be done to embarrass the government or make the people suffer is now under heavy guard.

The Way to the East

Any time you have occasion to plan a trip to any point East that can be reached via Salt Lake City, and that means almost anywhere in the United States and Canada, just bear in mind the excellent service of the Salt Lake Route, with its Los Angeles Limited and Pacific Limited trains; less than three days to Chicago. The Overland Express is a good one, too, but not so fast; has through sleepers to Chicago, also.

Salt Lake Route

And get full information about trains, fares, etc. Ask about Colonist Fares from the East to California. On sale from September 24th until Oct. 8.

Santa Ana Office at 201 W. Fourth St. Both Phones 211.

P. S.—Round Trip tickets at reduced fares are on sale during August to Eastern cities—good for return until October 31st; also to Yellowstone and Glacier Parks, America's Wonderlands.

LOS ANGELES PRODUCE MARKET

The first car of Lompoc spuds has been received here and the market is starting out from \$2.10 to \$2.15 on this superlative stock. The Lompoc harvest promises to be heavy this year and much of the stock will be shipped to San Francisco and to eastern points, in addition to coming here. The market on spuds is holding up well here and indications are for an advance at this writing. Northern Burbanks are firm at \$1.40 and are selling over that. Shima stock, which dropped to \$1.50, is fractionally higher. Receipts yesterday were 2701 sacks. The first car of Merced sweet potatoes, which are considered the best grown in the state, has been received and these are selling at 25 cents more than other sweets, which command \$2. Yesterday's receipts of this product amounted to 262 sacks.

There was no change in the egg market yesterday morning.

Building Activities All Over Orange County

GARDEN GROVE IS FORGING AHEAD

Recent Development Has Been Wonderful—Walnut House Soon to Be Open

MUNICIPAL WATER IS AMONG LATE PROJECTS

Growth of Chile Industry is Marvelous—Orange Acreage Increasing

One of the numerous Orange county towns which has made remarkable strides during the past few years is Garden Grove, than which there is no more wide-awake community to be found anywhere. One of the most recent improvements at Garden Grove is the formation of the Walnut Growers' Association and the building of its new packing house. No machinery has yet been installed, but the work is going ahead rapidly and all will be in readiness by the time the walnut harvest is on in full blast.

In his address of welcome made Wednesday night before the Associated Chambers of Commerce, which met in the new walnut building, Allen Knapp of Garden Grove mentioned some of the recently consummated projects which have helped to put

Garden Grove "on the map." Knapp said that the association of walnut growers expected to handle from ten to fifteen carloads of nuts this season. This fact alone is wonderfully significant as a factor for development, not alone in Garden Grove but in the entire county as well.

Another thing which points emphatically to the fact that everyone has the deepest confidence in the future of Garden Grove is that the Pacific Electric railway will build a spur track to the new walnut packing house.

The projected water supply system for Garden Grove is another one of the many improvements which will be under way shortly. A large tank will be built and this will supply the town with water through four to six-inch mains.

Paving has also been put down recently, adding greatly to the attractive appearance of the little city. Two blocks have been covered and there is now some talk of building more improved streets.

"The people of Garden Grove are progressive," said Knapp in his address. "All are willing to do all they can to further the interests of the community."

It is this spirit of one for all and all for one which has done more than any other thing to make Garden Grove the prosperous city it is.

Perhaps one of the most extensive and valuable products of Garden Grove and vicinity is the chile pepper. The development of the chile industry in recent years has been nothing short of marvelous. It is estimated that this season there will be harvested nearly \$250,000 worth of chiles. The acreage this year is nearly 2000, an increase from 800 acres a year.

E. C. Ortega, one of the largest canners of chiles in the United States, has completed his chile pepper receiving station and is now shipping chiles to Los Angeles. He has more than 1000 acres contracted for. The product is sent to Los Angeles by means of motor trucks.

Of the fourteen growers who will market their chile crops through Ortega's chile brothers have perhaps the largest acreage.

In addition to the products already mentioned it might be well to call attention to the orange growing industry in the vicinity of Garden Grove. Indeed, there are so many of the young orchards coming into bearing that there is already talk of erecting an orange house to handle the crops. It is quite likely that an orange growers' association, planned on the lines of the Walnut Growers' Association, will be established.

BUILDING PROGRESS ON GRADE SCHOOLS IN ORANGE COUNTY

Work on the various grade schools in Orange county is progressing rapidly. Word comes that the Tustin school, which was designed by Elwing & Tedford of Santa Ana, is well under way, it appearing certain that the basement and foundation work will be completed this week. Excavation work for the new La Habra school was started this week. At El Toro the walls of the new school are up and the roof was being laid this week. As concerns the Orange school, plans for which were prepared by Architect J. Flood Walker, Santa Ana, the school trustees of Orange have announced that all the city schools would open September 28. That the new Orange school will be ready by that time seems certain as the work is going along smoothly. Workmen are now engaged in putting in the sash in the windows, the patent plaster of the exterior and tile sills. Bonds for the Westminster school have not yet been sold though Architect Walker has nearly completed plans for the school.

ANDY IS COMING HOME; WAR ZONE IS TOO NEAR

LONDON, Aug. 28.—Mr. and Mrs. Andrew Carnegie have decided to return home to America. The ironmaster feels that he is too close to war alarms for comfort.

He is impelled to this by reason of the Duke of Sutherland's residence, Durobin castle, as the central surgical base for the North Sea. Durobin is near Skibo castle, where the North Sea fleet will land all its wounded and prisoners. Mr. Carnegie is not stranded, for his Scottish estate yields him \$25,000 a year.

HERE'S A JOB FOR A DOCTOR

WASHINGTON, Aug. 28.—Any physicians want a job at \$500 a year and found? This was the munificent doctor's salary offered today when examinations were held by the District of Columbia officials to fill a vacancy on the staff of the Washington Asylum (insanity and inebriates' refuge).

STRANGERS COMING TO TOWN—SANTA ANA IS RAPIDLY FILLING UP

That the town is growing and that very rapidly is voiced by nearly all real estate men who are in a position to know. E. R. Mauzy says his office turns away a dozen people a day who are looking for desirable residences to rent. Most of these strangers are recent arrivals from the East who have come in advance of next year's big throng.

BUSINESS BLOCK SOON FOR ANAHEIM

Anaheim Gazette: Another improvement is shortly to be made on West Center street, between Lemon and Los Angeles. B. Hartfield is preparing to erect a new business block on his lots adjoining the Dreyfus building. The building will be 36x100 feet and will be divided into two rooms. The east room will be occupied by the S. Q. R. store, which is overcrowded in its present quarters and needs an overflow space. Mr. Hartfield will move his jewelry store into the other room. The two rooms in the building covering this ground now are occupied by the Spanish Kitchen and a pool room. These will move elsewhere as it is Mr. Hartfield's intention to begin work on the new building immediately.

TO FIGHT FOR ENGLAND

VALCARTIER, Quebec, Aug. 28.—More than 60,000 citizens of the United States have applied for permission to join the Canadian volunteers, who are soon to see service in Europe, according to Colonel Sam Hughes, Minister of Militia.

Constipation Causes Sickness Don't permit yourself to become constipated, as your system immediately begins to absorb poisons from the back-door waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your Druggist.—Advertisement.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

This is only one of the exclusive features of J-M ASBESTOS ROOFING

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

ITS FIRST COST IS THE ONLY COST.

Write or call today for Samples and Booklet.

WIDOW ASKS DAMAGES FOR HUSBAND'S DEATH

MARYSVILLE, Cal., Aug. 27.—The superior court will begin trial here shortly of a \$150,000 damage suit brought by the widow of the late District Attorney E. T. Maxwell against John H. and Ralph Durst, on account of her husband's death in the hop-pickers' riot on the Durst ranch at Wheatland a year ago. According to Mrs. Maxwell, the district attorney was in Wheatland on private business the day the fatal riot occurred and was just about to leave when Sheriff Voss, summoned to the ranch by the Dursts, arrived with a posse, and see Mr. Maxwell, insisted that the latter accompany him. Maxwell went against his better judgment, says the widow, and was pleading with the hop-pickers as an individual when he was killed.

BRITISH SHIPS SENT TO GUARD GULF INTERESTS

GALVESTON, Texas, Aug. 28.—An official statement from the British Consulate here yesterday said three British warships have been sent at full speed to protect cotton and oil traffic in the Gulf of Mexico.

The statement said: "It is rumored that the French cruiser Conde has sunk the German ship Allancia, and the British cruiser Donegal has captured the North German Lloyd steamship Brandenburg." Sending of the British ships to the gulf is probably the result of reports of the presence of German warships in those waters. Several British tank steamers are engaged in the oil trade between Mexico and the United States.

TELEPHONE BUILDING CONTRACT IS LET

Orange News: The contract for a new office building, to be erected by Alfred Huhn for the Pacific Telephone & Telegraph Company, was let yesterday afternoon to Harvey Garber, a local contractor.

Garber's bid, as announced from the office of C. W. Houghtaling, the architect, was the lowest among eight competing bids which ranged as high as \$5,300. The winning bid was \$4500.

The new building will be located on South Orange street near to the present plant of the telephone company. All excavating and foundation work has already been completed, and the building may be commenced without delay.

ORDER OF MOOSE IS MEETING IN JERSEY

JERSEY CITY, N. J., Aug. 28.—This city awoke today fully prepared to entertain the 10,000 or more visitors whose coming was incident to the opening of the annual convention of the Loyal Order of the Moose. The guests were expected mainly from New York and New Jersey. One of the features of its opening today was the monster athletic meet conducted under the Moose auspices at the Jersey City baseball park. Many of the leading athletes of the country are on the card to perform this afternoon in the various events. The convention proper is being held in the headquarters of the Moose lodge of this city on Glenwood avenue. Over 2,000 members of the order came down the Hudson from Albany for the big opening of the big convocation, having chartered the steamer Rosedale to convey them.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Clears, Sneezing and Nose Running Cease, Dull Headache Goes

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; fullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foamy mucus drooping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

WALNUT HOUSE IS GOING UP RAPIDLY

Garden Grove News: The walnut packing-house is being rushed along by Contractor Steele. Construction work began on Monday morning with a good force of men at work. It is expected that the building will be far enough along to be used for the banquet given to the Associated Chambers of Commerce of the county on Wednesday evening of next week. The structure stands 50 feet by 80 on the ground. The sides and roof are of corrugated iron. There will be room for bins, machinery and storage within. The spur track comes in along the east side. The lots on which the building stands were purchased of the school trustees, being a portion of the land formerly belonging to the old school grounds. They comprise a section 100 by 130 feet, which leaves room for an additional building across the spur track from the packing-house and also for one south of the present building on the west side of the spur. So far years to come the association has made provision for growth. The warehouse will cost about \$2000, exclusive of the machinery. It is expected to have everything ready for operation about September 1.

SUPPLIES FOR U. S. SHIPS LONDON, Aug. 28.—The American naval collier Vulcan arrived at Falmouth yesterday, bringing supplies from the United States for the American warships in European waters.

Learn About The European War

What chance will 11,000,000 men have against 17,000,000? Are you posted on the exact situation and conditions in Europe? The REGISTER'S latest European Map in five colors gives you the entire situation at a glance—EVERYTHING you want to know about the warring countries, their present armed strength and past successes. Get this information at once. This is the latest 1914 map of Europe, made by the most skillful European map experts, and showing the recent boundary line changes resulting from the war of the Balkan states against Turkey.

European War Map

This map folds so as to fit the pocket, and is a ready reference for the daily changes as they transpire during the great conflict. It is an absolute necessity if you would follow and understand the latest news in the cable dispatches from abroad. The greatest conflicts often occur at some heretofore obscure town—therefore the necessity for a recent, reliable, complete map. The terms of its distribution are such as to make it practically
